

Dear Community Partners and MAPP Coalition Members:

Through the American Recovery and Reinvestment Act (ARRA) adult vaccines are now available by appointment on Monday afternoons at the Camden County Regional Health Center at Bellmawr:

Bellmawr Regional Health Center

35 Browning Road
Bellmawr, NJ 08031
(856) 931-2700

Vaccines available are as follows:

Tdap	For 19 to 64 years of age. It is a <u>one time</u> substitute for a Td booster. May be given as short as 2 years from previous Td booster. (Tetanus, Diphtheria and Pertussis)
HPV	For men and women 19 to 26 years of age. It is a series of 3 doses. (Human Papillomavirus)
Pneumonia	Up to 2 doses for high risk people ages 19 to 64 with a minimum of 5 years between doses. For people over 65 only one dose is required.
Meningitis	For individuals 19-55 years of age at increased risk for meningococcal disease are recommended to be vaccinated including college freshman living in dormitories, laboratory personnel working with the bacteria, military personnel, certain travelers, or those that are immune compromised.

- Vaccine supply is not guaranteed. For more information call 856/931-2700.
- Pneumonia vaccine is for high risk individuals which include those that have a compromised immune system, diabetes, heart disease, chronic lung disease, chronic alcoholism, chronic liver disease, spleen disease/removal, or kidney failure.
- Proof of prior pneumonia immunization will be required if a second dose is requested.
- Must be a New Jersey resident.
