RE: Donating older texts

Dr. Repici,

Joseph Miloszewski asked if the science department had any older texts that could be donated for the use of students enrolled in a Camden County College program that remediates students who have not fared well in HS and are trying to build their skills and content knowledge prior to enrolling in college courses. The science department has the following texts which are more than 10 years old and whose donation will not reduce our ability to provide our own students with texts.

20 copies of **Science Spectrum: A Physical Approach** Holt 2001. ISBN 0030543495

We have previously planned for, budgeted for, and accomplished their replacement with the 2012 edition at all three schools. I am writing this memo to ask if you could please seek board approval to donate these texts.

Sincerely,

William Breuer
