### Black Horse Pike Regional School District 2017-2018 Contract

Rothman Institute would become a Sports Medicine Care for the Black Horse Pike Regional School District. Below you will find an outline of what Rothman Institute can provide to all three athletic programs at Triton, Highland, and Timber Creek.

#### Rothman Institute would provide:

- 1) Rothman would become a Sports Medicine Care Provider to the BHPRSD. The current Primary Care Physicians would remain in place and act as the School District Physicians and provide physicals and game coverage. However, Rothman Institute Sports Medicine Physicians would provide assistance as needed for home football games.
- 2) 24/7 access to our Sports Medicine Physicians for acute sports medicine injuries. This service will be accomplished through our Injury Hotline Service. This system immediately connects to our appointment schedulers during normal business hours or to an on-call sports medicine specialist during the off hours (evenings and weekends). Injured athletes will be scheduled the day of injury, if it occurs prior to 3pm, or the following business day at one of our South Jersey Offices.
- 3) Immediate access to our Rothman Institute Urgent Care which is located in Marlton office and open 7 days a week.
- 4) Immediate access to Dr. Rob Franks and Rothman Institute's Concussion and ImPact Testing Program. This program is now located in both our Marlton and Washington Township offices.
- 5) Access to the Performance Lab. Overseen by Dr. Michael Ross, who is well known for testing all types of athletes to pinpoint any issues that might be hindering them from performing at their highest level. For example, muscle pain, shin splints, asthma, cardiovascular disease, and etc. The Performance Lab is located within Rothman Institute's Bryn Mawr office, but has a mobile component that allows us to come to your school.
- 6) Educational/lecture series. With the many ancillary services we have to offer, Rothman Institute can design an educational/lecture series. These educational programs will educate athletes, parents and coaches on several different topics such as nutrition, mental conditioning, proper exercise programs, concussion symptoms & issues, etc.

This contribution can be used at the discretion of each Athletic Trainer for athletic training supplies, equipment, educational studies, etc.
- 8) Rothman Institute shall provide proof of appropriate liability insurance coverage naming the BHPRSB as an additional insured under their policy. In addition, Rothman agrees to indemnify and otherwise hold the BHPRSB harmless for any acts of negligence relative to their employees providing services under the terms of the herein agreement. Said indemnification is intended to cover both BHPRSB employees, officers as well as any third party participants in the BHPRSB sports program.

**Black Horse Pike Regional High School District Will Provide:**

- 1) Introduction/announcement that the BHPRSB has partnered with Rothman Institute to be Sports Medicine Care and Sports Performance Training providers of the BHPRSB.
- 2) Provide exposure for the Rothman brand. This can be achieved by hanging banners on athletic fields and gymnasiums (banners provided by Rothman), link placed on the district website and each schools website, notices sent out to parents of all student-athletes, informing all coaches and administration about this unique partnership program.
- 3) Provide access to promote programs, events, announcements, etc. within the school district.

On behalf of Rothman Institute, I would like to thank you in advance for this opportunity to become a Sports Medicine and Sports Performance providers of the Black Horse Pike Regional School District.
