

## Highland Facilities Walk

November 17, 2016

Attending: Anthony Tarsatana, Bill Murray, Jay McMullin, Joe Newsham,  
Mike Shuster, Jason Lehmann

1. Building Interior: The building was very clean. We noted that school lockers are looking dated and a replacement plan should be put in place soon. Bill Murray wanted our paint crew to paint the PE stairwell railings. There was also discussion about updating lighting throughout the building.
2. Building Exterior: The new bleacher system looks fantastic. Punch list items are still left. The tennis courts are an ongoing discussion.
3. Repairs: The exhaust system in the girls locker room needs to be replaced.
4. Areas Identified as Concerns: All locker rooms were inspected. We noted there needs to be a plan for floor updating/replacement in these areas. Mike Shuster will look into a variety of strategies to improve the floors.
5. Personnel: RL was out on medical leave after knee surgery.
