PATRIOT DAY In his proclamation of **Patriot Day** in 2003, President Bush called upon all citizens to commemorate September 11 each year with solemn ceremonies and personal reflection in memory of the September 11, 2001 terrorist attacks in the United States that killed thousands of innocent people and changed the lives of thousands more forever. Timber Creek held a beautiful tribute with a student assembly that included the mayor, board members, administrators, staff and service people. Thanks to Mr. Saunders for coordinating another fine ceremony.

UMDNJ MEDICAL SCIENCE ACADEMY

Nine students were accepted and housed at Kennedy Hospital in Stratford, NJ. It is an honor for them to be a part of this prestigious medical program. We are very proud of them and will do what we can to help their schedule run smoothly. Due to the timing of the sessions, this program requires these students to leave twenty-five minutes before the end of eighth period on Tuesdays and Thursdays.

The students would be missing fifty minutes a week from their schedule. They fully understand that they are responsible for all missed work and that they will have to put in extra time to remain caught up in class. They also understand that it is their responsibility to be prepared if they choose to take any AP test later in the year that happens to be their eighth period course they miss time in. We are very excited that the following students were accepted into the UMDNJ Medical Science Academy:

Victoria Christopher
Samantha Darpino
Austin LaRocca

Grace Ogungbile
Amal Oladuja
Sonya Patel

Kristopher Ponce
Michael Terilla
Alexis Tine

RESPECT WEEK OCTOBER 1-5

MONDAY: RESPECT: WHAT IT MEANS TO ME?

Ms. Dottie Deich and **Mr. Jeff McCoog** worked hard to put together a PSA to kick off Respect Week at Timber Creek. This PSA introduces our theme for the week "Respect: It's a Matter of Class." **Mr. Bill Ebert** along with students from his **World of Difference Club** worked hard to decorate the main lobby. Their "work of art" was displayed on Monday morning. Students will be asked to stop by and write on leaves/butterflies what respect means to them.

TUESDAY: KINDESS AND COMPASSION

A PSA from the Foundation for a Better Life was shown on the Morning Jolt. All students received PEACE pins in homeroom. Teacher's Story: One of our teachers shared a personal story about RESPECT. This was shown during the Morning Jolt.

Rachel's Challenge: All students in grades nine and ten heard the story of Rachel Scott. Rachel was the first teen killed at Columbine High School on April 20, 1999. She left behind an amazing legacy and simple challenge to anyone who will accept it. Treat others with kindness and compassion and you just may start a chain reaction!

WEDNESDAY: YOU MAKE A DIFFERENCE

A PSA from the Foundation for a Better Life was shown on the Morning Jolt. Teacher/Faculty/Staff & Adults from TC shared their stories about how students made a difference in their lives.

The Clothesline Project: Students were encouraged to decorate t-shirts (cut outs) defining what respect in a relationship means to them. These t-shirts were hung on a clothesline in the cafeteria (bulletin board).

THURSDAY: INTEGRITY

A PSA on integrity from the Foundation for a Better Life was shown on the Morning Jolt. Teacher/Faculty/Staff stories continued to be shown on the Morning Jolt.

FRIDAY: MAKE SOMEONE SMILE

A PSA on complimenting others from the Foundation for a Better Life was shown on the Morning Jolt.

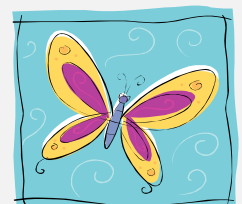

BUDDY CLUB AND FUTURE TEACHERS OF AMERICA

On December 13th members Megan Fryer, Abbey Sweeney, Ashley Golden, and Lila Kelly created a lesson and taught the students in the MD room to make edible holiday crafts for the Buddy Party held after school. One group created reindeer cupcakes and the other group made marshmallow snowmen. The treats were fun to make and more fun to share and eat at the party. These girls always willingly give of their time and self to make the school days for our students in the MD room a more well-rounded experience.

TRANSITION PROJECT

ADVISORS MRS. SUZANNE NORDONE & MRS. LAUREN GRIFFIN

On Thursday, October 18th, 315 freshmen met with 142 upperclassmen during respective gym periods. The first "outreach" session was entitled "Activity Day" and was designed for the students to get to know each other. Names were given, ground rules were established and an ice breaker game was played. Every month throughout the school year the freshmen met with their peer leaders. We're looking forward to many more successful outreaches. Thanks to our maintenance staff for their set-up and clean-up and Counseling for all of their help with scheduling.

L.A.D.I.E.S./G.I.R.L. CONFERENCE

April 17th was a special day designed to help young ladies feel empowered and self-worthy, learn how to engage in healthy relationships/social skills and decrease incidents of bullying and violence. Activities were centered on girls building relationships with women of significance in their lives as well as other female students. We need our girls to know that there are women in and out of school that they can go to when they are experiencing bullying, violence, or just not having a good day. Greatness involves real L.A.D.I.E.S. (Leadership, Academics, Dignity, Integrity, Empowerment and Self-Worth).

*“Like diamonds, girls don’t have to be perfect inside or out, but their power to illuminate and let their **Light, Growth, Change and Power** shine is what makes them BEAUTIFUL.” - Quote for 2013 By **Briana Golden***

WALT WHITMAN POETRY CONTEST

Kyra Smiley, an emerging poet and creative writer, was chosen 4th place over 200 entries. She and her poetry teacher, **Ms. Evans**, were recognized at a beautiful event outside of the Walt Whitman house Wednesday, May 29th, where Kyra got a chance to read her poetry, discuss her work with Rutgers professors and tour the historic site.

INTERACT

once again collected for Toys for Tots. Toys were collected Nov. 26th through Dec. 15th. Toys were placed in the bins placed by the main office and LMC. A drawing was held for a \$30 gift card. Teachers and staff put sticky notes with their name on the toy. A winner was drawn at the faculty meeting.

HOMECOMING DANCE

A great time was had by all. 500+ students attended this year. 14 students were on court: **Jeff Lewis, Vince Pepenelli, Kevin Lara, Vincent Russo, Keith Bauberger, Wendell Thomas, Greg Webb, Elise Pratt, Alexa McLay, Gabby Hancock, Brianna Golden, Mady Zoranski, Sierra Anderson and Gina DeSabatino.**

Congratulations to this year’s **Queen Alexa McLay** and **King Kevin Lara**. A special shout out to our runners up **Brianna Golden** and **Keith Bauberger** as well. It was a night to remember indeed.

INTERACT AND MARCHING BAND

On December 1st, twenty **Interact** members gathered together with the **Marching Band** to celebrate the holiday season in their usual merry style – walking down the Black Horse Pike handing out candy canes to the hundreds of excited children. Supported by the Rotary club, they created a beautiful Frosty the Snowman inspired float that lit up the street with magic and music. The Interact members had a great time and enjoyed interacting with the community that they love to serve.

WESTERN STUDIES AND INTERACT

January, 21st, 36 students headed out to the Power for Life Church to make over 300 bagged lunches and organize and hand out pantry items to over 100 Camden residents. Assisted by chaperones, **Garry Saunders, Tara Wood, Jessica Evans, and Bill Ebert**, these amazing students worked together to serve the community and for many of them, experience the rewarding nature of service for the first time. Through this activity students started to truly understand, as Martin Luther King said, “Everybody can be great...because anybody can serve.”

LEO CLUB

Leo Club held its blood drive on October 31st with 107 students scheduled to donate. Of the students scheduled, about 100 students checked in to donate and 82 pints were collected. These 82 pints have the potential of saving 249 people. The American Red Cross was extremely grateful because of all the canceled blood drives as a result of Hurricane Sandy. Timber Creek’s drive was a step toward rebuilding the blood supply levels.

TECHNOLOGY CLUB

This year **Technology Club** developed a “back pack rack.” Students have expressed concern over the years about articles of clothing and their book bags being covered with saw dust and other building material from work tables used in the technology lab, so they decided to do something about it. Students started by measuring the existing teacher work station and drawing up the plans for the rack. The rack was designed for convenience and visual appeal. After plans were finalized and approved by **Mr. Smith**, building began. It took 2 months to design, build, sand, shellac, and install the rack, but the students were very pleased with the results! Students also added a TC logo with a Charger lightning bolt as a finishing touch. It looks really great so, if you get a chance, check out the lab and the newest edition, the “back pack rack!”
