Steps to Achieving Your Eligibility

Grade 9: Plan

- ▶ You should start planning now by working hard to earn the best grades possible.
- ▶ Ask your counselor for a list of your school's NCAA core courses to make sure you are taking NCAA-approved courses.
- ▶ Your school's list of NCAA courses can be found at eligibilitycenter.org.

Grade 10: Register

- ▶ Register at eligibilitycenter.org at the beginning of your sophomore year.
- ▶ If you fall behind on courses, do not take shortcuts to catch up. Your counselor can help you by finding approved courses or programs that you can take.

Grade 11: Study

- ▶ Students should check with their counselor to make sure they are on track to graduate on time.
- ▶ Students should register to take the ACT, SAT or both. Use the NCAA Eligibility Center code “**9999**” as a score recipient.
- ▶ At the end of the year, upload your students’ official transcripts.

Grade 12: Graduate

- ▶ Take the ACT or SAT again, if necessary, and make sure to send your scores by using code 9999.
- ▶ Request your final amateurism certification after April 1.
- ▶ After you graduate, ask your counselor to upload your transcript with proof of graduation.

Initial-Eligibility Requirements

What Is A Core Course?

- ▶ A course that qualifies for high school graduation in one or more of the following: English, mathematics, natural or physical science, social science, foreign language or comparative religion or philosophy;
- ▶ Is considered four-year college preparatory;
- ▶ Is taught at or above the high school's regular academic level;
- ▶ For mathematics courses, is at the level of Algebra I or higher; and
- ▶ Is taught by a qualified instructor.

What are Nontraditional Courses?

Courses taught through:

- ▶ The Internet (online or virtual);
- ▶ Distance learning;
- ▶ Independent study;
- ▶ Individualized instruction;
- ▶ Correspondence;
- ▶ Computer software programs; or
- ▶ Other similar means.

Things to Consider Before Taking Nontraditional Courses

- ▶ Must include regular ongoing access between the instructor and student.
- ▶ Must have a defined time period for completion (i.e., eight weeks).
- ▶ Should be clearly identified as nontraditional courses on the high school transcript.

Core-Course Time Limitation

Division I

- ▶ From the time you enter the ninth grade, you have four (4) years or eight (8) semesters to complete your core-course requirement. If you fail to complete high school "on time" in eight semesters, core courses taken after the eighth semester will not be counted toward your NCAA academic-eligibility requirements.
- ▶ "On time" also means that if your high school graduation takes place June 1, you must graduate June 1. If you do not graduate June 1 with the rest of your high school class, you have not completed your requirements "on time."

Division II

You are permitted to use all core courses completed from your ninth-grade year until the time you enroll full time at a college or university.

What are the Academic Requirements?

Academic Requirements

- ▶ Graduate from high school.
- ▶ Complete NCAA-approved courses.
- ▶ Earn a minimum required core-course grade-point average (GPA).
- ▶ Earn a required SAT or ACT sum score.

Students who meet the following criteria after six semesters will be certified as qualifiers:

For Division I: Minimum SAT (math and critical reading) of 900 or minimum sum score of 75 on the ACT; and a core-course GPA of 3.000 or higher in a minimum of 14 core courses:

- 3 English;
- 2 math;
- 2 science;
- 2 additional core courses in English, math or science; and
- 5 additional core courses in any area.

For Division II: Minimum SAT (math and critical reading) of 820 or minimum sum score of 68 on the ACT; and a core-course GPA of 2.500 or higher in a minimum of 14 core courses:

- 3 English;
- 3 math;
- 2 science; and
- 6 additional core courses in any area.

Division I

Core-Course Requirements

16 Core Courses

- ▶ 4 years English.
- ▶ 3 years math (Algebra I or higher).
- ▶ 2 years natural/physical science (1 year of lab if offered by high school).
- ▶ 1 year additional English, math or natural/physical science.
- ▶ 2 years social science.
- ▶ 4 years additional courses (from any area above, foreign language or comparative religion/philosophy).

Summary of Changes

- ▶ Minimum core-course GPA of 2.300 required;
- ▶ Ten core courses are required before the beginning of senior year; and
- ▶ Seven of the ten core courses must be in the areas of English, math, or science.

The following slides explain these changes in further detail.

NCAA Division I Initial-Eligibility Academic Requirements

There are three possible academic outcomes:

1. **Qualifier** = competition, athletics aid (scholarship), and practice the first year.
2. **Academic Redshirt** = athletics aid the first year, practice in first regular academic term (semester or quarter).
3. **Nonqualifier** = no athletics aid, practice or competition the first year.

NCAA Division I Qualifier:

Requirements for Athletics Aid, Practice and Competition

Students will need to meet the following requirements to receive **athletics aid**, **practice** and **compete** their first year:

- ▶ 16 core courses in the following areas:
 - 4 years English;
 - 3 years math at Algebra I level or higher;
 - 2 years natural or physical science (one lab if offered at any high school attended);
 - 1 year additional English, math or natural/physical science;
 - 2 years social science; and
 - 4 years additional from areas above or foreign language, philosophy or comparative religion.

- ▶ Minimum required GPA:
 - Minimum GPA of **2.300** in those 16 core courses.

NCAA Division I Qualifier:

Requirements for Athletics Aid, Practice and Competition

- ▶ Core-course progression.
 - Must complete **10** core courses before seventh semester of high school (e.g., senior year).
 - Of the **10** core courses completed, **seven** must be in the area of **English, math, or science.**
 - These 10 core courses become “selected” for the purpose of GPA calculation.
 - A repeat of any of the “selected” courses will not be used if taken after the seventh semester begins.

Requirements for Scholarship and Practice (New)

If you meet these requirements, you can receive an **athletics scholarship** during your first year at an NCAA Division I college or university.

After the first term is complete, you must successfully complete nine semester hours or eight quarter hours in each applicable term at your college or university to continue to practice for the remainder of the year.

What If You Do Not Meet Either Set of Requirements?

If you do not meet either set of requirements, you are a **nonqualifier**.

A **nonqualifier**:

- ▶ Cannot receive athletics aid during the first year at an NCAA Division I college or university.

- ▶ Cannot practice or compete during the first year at a Division I college or university.

Division III Core-Course

Requirements

- ▶ Unlike Divisions I and II, there is no uniform set of eligibility requirements for Division III schools.
- ▶ Eligibility for admission, financial aid, practice and competition is determined by the college or university.
- ▶ The NCAA Eligibility Center does not perform certifications for Division III college-bound student-athletes.

Amateurism

(Sports Participation)

What about Sports Participation?

The NCAA Eligibility Center encourages you to update your sports participation (amateurism) information often, especially if you participate in events outside of the normal high school season. Stay college eligible – always ask before you act!

Request Final Amateurism

Certification

- ▶ During your senior year, you will be asked to make sure all of your sports participation information is complete and accurate.
- ▶ You will be able to request your final amateurism certification to be completed beginning April 1 (for fall enrollees) or October 1 (for spring enrollees).

Once you are certified from
an academic and amateur
perspective,
you may practice,
compete and receive
athletics aid.

The background of the slide features a photograph of two female runners in motion on a track. They are captured in a dynamic, low-angle shot, with their bodies leaning forward as they run. The scene is set against a bright, hazy sky, likely during sunset or sunrise, with the sun low on the horizon. In the background, a crowd of spectators is visible, silhouetted against the bright light. The overall atmosphere is energetic and focused.
