PREFACE

The **Guide for Standard Operating Procedures and Internal Controls** is a document that outlines the business practices that are followed by the Black Horse Pike Regional School District and administered by the Business Office. It is intended to be used as a reference manual by administrators, secretaries and any staff members that have Budgetary/Financial responsibilities. Its purpose is to provide an efficient, control and accountability system that will help assure appropriate use of “Public Funds”. It must be understood that the principles of this manual are based on, “Generally Accepted Accounting Principles,” and rely on an assumption that individuals have a general understanding of the financial process of a School System. For this program to operate at optimum efficiency there must be a spirit of cooperation, teamwork and communication between the school staff and the Business Office.

SECTION I – INTERNAL CONTROLS

PUBLIC SCHOOL DISTRICT INTERNAL CONTROL DOCUMENT

OVERVIEW:

Internal controls are not separate systems of the school district. Controls are not an isolated activity but integral part of each activity used to guide the district.

Establishment, maintenance and evaluation of the internal controls are the responsibility of the administration. The evaluation of internal controls includes identifying the framework used by the administration to determine the effectiveness of the internal controls.

Controls are in place to detect or prevent errors and fraud. An error is an unintentional mistake that has the potential to affect the financial statements and fraud is the intentional misuse or misappropriation of district's assets.

OBJECTIVES OF INTERNAL CONTROL:

The three objectives of internal control are to ensure the effectiveness and efficiency of operations, reliability of financial reporting, and compliance with applicable laws and regulations. The safeguarding of assets is a subset of all of these objectives.

Continuous monitoring and testing is needed to help to identify poorly designed or ineffective controls. The administration is also responsible for communicating the objectives of internal control and ensuring the organization is committed to sustaining an effective internal control environment.

COMPONENTS OF INTERNAL CONTROLS:

The five components of internal controls include the control environment, administration's risk assessment, administration's communication of the controls, control activities and monitoring of the controls.

CONTROL ENVIRONMENT:

The control environment includes the organizational structure, the control framework, the district's policies and procedures and internal and external influences. The tone set by the school district's board and administration determines the attitude toward the controls of the district.

ORGANIZATIONAL STRUCTURE:

The organizational structure determines the administration's responsibilities and the sets the relationship with the board, which sets the policies.

CONTROL FRAMEWORK:

Elements of a control framework include the following:

Segregation of duties to help ensure the reliability of the organization's internal controls, one person should not have access to all stages of a process. If there is not proper segregation situations could arise where errors or irregularities occur and go undetected.

Integrity and competence of the personnel performing the duties are key to achieving the desired controls. This includes hiring the proper people and continually training personnel. It is important to ensure that employees who perform financial tasks have the knowledge and skill to perform their duties. Communication by the administration of the controls and the employee's responsibilities are as important as ensuring that employees know how to communicate irregularities that may arise.

I-1.1

SECTION I – INTERNAL CONTROLS

Proper supervision of employees is needed to ensure proper execution of control activities.

DISTRICT'S POLICIES AND PROCEDURES:

The district's policies set the overall direction of the district. Procedures for all areas of financial preparation, reporting, operations, transportation, maintenance, personnel and payroll are needed. These policies and procedures will become the basis for the determination of compliance.

ADMINISTRATION'S RISK ASSESSMENT:

The administration has to conduct an assessment of risks relevant to the financial statements. This includes the identification of potential risks, the analysis of the potential impact of those risks on the ability to properly report the financial statements and the overall management of risks. Items to consider in the risk assessment of the district include, but are not limited to:

1. New personnel or new duties for existing personnel
2. How a change in accounting information system impacts controls and how effectively the training of personnel on new system was conducted
3. Changes in the regulations and laws that may affect the control environment
4. Record storage is appropriate and secure (fireproof cabinets when needed for manual documents and proper passwords and access limitations for electronic information)
5. District limits access to computers and data files
6. Segregation of duties
7. Transactions are recorded timely
8. Cash is deposited timely
9. Assets are physically safeguarded
10. Transactions are performed by only authorized personnel
11. Reconciliations are properly and promptly completed
12. Occurrences of management override

INFORMATION AND COMMUNICATION:

The administration needs to determine if the information systems utilized in the district are adequate and relevant for their intended purpose.

The district's administration is responsible for communicating the controls of the district and the responsibilities of each employee in the control system.

The administration is also charged with reviewing information that may indicate a flaw in the controls that would not allow the control to detect an error in a timely fashion.

CONTROL ACTIVITIES:

Control activities include the policies and procedures that are in place to achieve the controls desired. Documentation of the control activities is vital to the overall control environment. These activities include, but are not limited to:

1. Segregation of duties
2. Transactions are recorded timely
3. Cash is deposited timely
4. Assets are physically safeguarded
5. Transactions are performed by only authorized personnel
6. Reconciliations are properly and promptly completed

SECTION I – INTERNAL CONTROLS

CONTROL ASSERTIONS:

Control activities can be categorized into one or more assertions. All assertions should be addressed for each process (payroll, cash disbursements, etc).

1. Existence (E) /Occurrence (O) – Existence is whether the assets or liabilities of the district exist at any given point in time (cash, state aid receivable). Occurrence is whether the transaction took place (goods were received before the PO was moved to accounts payable from encumbrances)
2. Valuation (V) or Allocation (A) – Valuation is whether the asset or liability is included on the board secretary's report at the proper value (the amount of cash or state aid receivable). Allocation is whether the revenue and expenditures were recorded in the proper amounts.
3. Accuracy/ Classification (A/CL) – transactions are recorded accurately and the classification of the transactions are proper.
4. Completeness (CO) – is whether all transactions are included (unrecorded purchase orders).
5. Cutoff (C) – Transactions are recorded at the proper time (purchase orders written in the proper year).

MONITORING:

The administration is charged with reviewing internal controls on an ongoing basis. Monitoring can include responding to the recommendation of the auditor in changes in the controls. Reviewing correspondence from outside sources such as banks and vendors for unusual items is part of monitoring.

Employees should be required to “sign off” on their understanding of the control activities and their responsibilities in those activities.

AFTER THE CONTROLS ARE ESTABLISHED:

Once the district establishes controls, those controls need to be evaluated at least annually and anytime circumstances dictate. Changes in personnel or regulations are examples of these.

As controls are evaluated they will either be effective or ineffective at achieving the proposed control. Controls are effective when there would be no material weaknesses in internal controls involved in financial reporting. Ineffective controls would be those where at least one material weakness exists. If a control is determined to be ineffective, then the control deficiency needs to be evaluated.

CONTROL DEFICIENCIES:

A control deficiency exists when the design or operation of a control does not allow the administration to prevent or detect misstatements on a timely basis. A design deficiency exists when a necessary control is missing or is not designed to enable the control objective to be met. An operational deficiency exists when control is designed properly, but does not operate as designed or the person performing the control is not qualified to perform the control.

A deficiency may exist that is unavoidable (segregation of duties in a small office). For these, compensating procedures should be put in place. These compensating procedures do not correct the deficiency.

REASONABLE ASSURANCE AND LIMITATIONS ON CONTROLS:

Reasonable assurance is a high level of assurance, but is not absolute. The district should understand that potential fraud could exist and not be detected timely in the following circumstances: when the district has poorly designed or operated internal controls, or when there are too many overrides of controls, when there is collusion between employees or between an employee and a third party.

REVIEW OF DISTRICT PROCESSES:

When reviewing processes in the district, it may help to consider incorporating the "5 Ws".

1.Who performs each activity? Who receives the outcome of the activities?

2.What activities are performed? What forms and reports are used? What computer systems and files are used?

3.When are activities performed? What is the sequence of activities? What is the timing of the activities? What is the frequency of the activities?

4.Where are activities performed (i.e., board office, school, etc.)?

5.Why are activities performed (i.e., what risks are controlled, what control assertion does process step serve, etc.)

One final consideration should be whether any changes to the process will increase the efficiency of the process or firm up the controls.

SECTION III – CASH MANAGEMENT

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT
Blackwood, New Jersey

Title: **Petty Cash Fund**

Purpose: **To establish a uniform method of account for the Petty Cash Funds**

Procedure:

1. The Board of Education recognizes the convenience of an imprest cash fund in the day to day operation of a school district, but the Board is also aware of the abuses that can result from the establishment of such funds unless there are proper controls.
2. The Board authorizes the establishment of an imprest (revolving) fund at the Business Administrator's Office in the amount of:

Business Office \$200
Principals (each) \$100
Spec Education \$100
Maintenance \$200
Transportation \$400

3. In accordance with District Practice, no single payment from petty cash will exceed \$25.00 unless approved by the Business Administrator. The Business Administrator shall insure that petty cash funds are spent only for stamps, delivery charges, office supplies and miscellaneous purchases. Funds shall not be used to subvert the regular purchasing procedure.
4. To request a purchase using petty cash, prior approval by the School Business Administrator is required before any such purchase may occur. A Petty Cash Request Form is to be prepared and all applicable invoices or receipts are to be attached along with the information of the account to be charged. All documentation must be forwarded to the Business Administrator's Office for processing of the reimbursement. All reimbursements will be by check only.
5. All funds are to be closed out on June 30. To accomplish this, final reimbursements are due to the Business Office for approval of payment at the final Board Meeting in June. This will allow for turning in the local amount of the authorized fund in cash to the School Business Administrator for deposit back into the General Account of the Board. All Board approved funds will be reestablished on July 1.

Title: Student Activity Funds

Purpose:

To establish financial controls for the administration of the various student activities operated for the benefit of the students, managed by adults, not part of the regular instructional program with the Board indirectly responsible

1. The general organization of the fund to include student government, student clubs, student publications, school classes and class trips.
2. The Board authorizes the maintenance of student activity funds to be located at and known as Student Activity Accounts, for each high school.
3. All funds must be self- sustaining, the responsibility of a designated school activities treasurer and administered by the Business Administrator or designee.

Procedure:

1. Receipt of Funds:

- A. All funds will be collected by the Building Principal or his/her designee. These funds will be deposited in a reasonable amount of time into the established bank checking account.
- B. All funds should be of an exchange nature and large balances should not be permitted to accumulate. Money should not be raised or collected unless there is a definite purpose for doing so.
- C. All deposited funds will be recorded in a Receipts Journal including the date of receipt, source of receipt, amount of receipt and the total amount of the deposit and will be maintained by the Student Activity Bookkeeper in the Business Office.

2. Disbursement of Funds:

- A. Contracts for materials or supplies, may be made by the building principal only for a one year period; following applicable Board bidding policies and state statutes with the exception of the yearbook which requires Board approval.
- B. No educational materials may be purchased from these funds.
- C. All funds will be disbursed from the established checking account on the authority of the Building Principal. All disbursements must be supported by a receipt, claim or company invoice and will be attached to a Purchase Order printed out by the School Activities Treasurer.

SECTION III – CASH MANAGEMENT

- D. All checks written will be recorded in a simple Cash Disbursement Journal to include the date of check, payee, amount of check and activity or class to which it is to be charged.
- E. Checks will require two signatures: that of the Board Secretary and the Activities Account Treasurer.
- F. Each month a bank reconciliation must be prepared and this balance is compared with the individual activity or class balance by the Student Activity Bookkeeper in the Business Office.

A financial report of each general organization fund shall be submitted to the Board monthly. These reconciliations are kept on file, with all canceled checks, for review by the District Auditor and/or School Business Administrator.

Class Accounts: The following procedure pertains to treasury balances for graduating classes.

- A. The treasury balance of each graduating class will be maintained by the Student Activity Bookkeeper in the Business Office for a maximum of five years.
- B. After five years, the balance remaining will be deposited in the general account of the Student Activities Account. The president of the class will receive a written notification of such action at least sixty (60) days before the account is closed.
- C. A class may liquidate its account prior to the five year period if it so desires, but the account can't be liquidated prior to September 30th following June graduation (to cover financial responsibilities of the class during the summer).

Title: Pay Procedures

Procedure:

1. Regular Pay:

A. Employees will be paid on the 15th and the 30th of each month as per contract via direct deposit. When the 15th or 30th falls on a holiday or other agreed upon date the payment date will be adjusted.

B. All ten month employees will receive equal payments that total their contract salary, from September to June inclusive.

C. All twelve month employees will receive their contract salary, in equal payments, from July thru June inclusive.

D. Beginning with the 2008-2009 school year, at least every three years, during the first pay in October each employee will be required to provide to the payroll department in the Business Office, a picture identification and sign for release of his or her check or direct deposit voucher.

E. Picture identification shall be in the form of a district issued identification card, valid drivers' license, official passport or other picture identification issued by a state, county or other local government agency.

F. Where no appropriate identification can be produced, the School Business Administrator shall withhold paychecks or stop direct deposits until such time that the payee/district employee can produce appropriate identification or until an investigation and corrective action is concluded.

G. Upon completion of the payroll check distribution verification procedures, the Superintendent shall submit a certification of compliance, to the Executive County Superintendent.

2. Extra Contracts:

A. Coaching contracts will be paid at the end of their respective coaching season after all uniforms and equipment are accounted for by the High School Vice Principal in charge of Athletics.

B. All other extra contracts will be paid one-third on the 2nd pay of November and first pay in March and June.

C. For all After School Programs, workshops and teachers covering classes, personnel will be paid for the time worked as of the prior pay date.

3. Substitutes and Hourly Paid Employees:

A. All daily and hourly paid individuals will receive pay for the time worked as of the prior pay date.

B. An **Employee Payroll Input Form** is used to report hours and/or days worked for this classification of employees.

4. Overtime:

A. Overtime is also reported on the **Payroll Input Form** and is paid when reported. Payment of overtime will be based on negotiated contract provisions.

5. 403(b) Salary Reduction Plan

In order to take advantage of the 403(b) Salary Reduction Plan, an employee must agree not to contribute, more than the **Maximum Exclusion Allowance (MEA)**, the total amount of contribution to the plan allowed by Internal Revenue Service code each year. The plan administrator for the 403(b) plans, **The Omni Group** or handled in district will do the MEA calculation for each employee. By the **first day of school** for ten month employees and by **June 20th** for twelve month employees the payroll office must receive from the employee a 403(b) Salary Reduction Agreement Form before deductions for the Salary Reduction Plan for the new school year will begin. Any changes made during the year may only be done by **January 5** or the start of the year as stated above. In order to make changes the employee must fill out 403(b) Change Form.

6. All other changes to be made for tax or voluntary deductions must be forwarded to the Payroll Department “In Writing” two weeks prior to the pay period that these changes are to take effect.

7. Pension Enrollment

- A. All new employees are enrolled in TPAF, PERS or DCRP by certifying officer, and certified by supervising certifying officer.
- B. Interfund and Intrafund transfers for new or current employees are processed at the time of hire or change in status.
- C. The ROC is prepared quarterly by the supervising certifying officer using reports generated through the payroll system. Adjustments are made for those on FLMA or for those that have resigned, retired or have been terminated during the quarter.
- D. All Payroll documentation is retained for a period of 7 years in a designated area of the central administration building.

Title: Budget Development Process

Procedure:

School Budgets – Site Based Management

School Budgets are the responsibility of the Building Principal. It is also the responsibility of the Principal to justify proposed expenditures in each of the line item accounts. Building Principals track their school accounts during the year making the necessary transfers needed to ensure no accounts are over- expended. If during the budget development process there is a need to reduce the school budgets, the Building Principal will be notified of the amount and is responsible for re-submitting the changes to the revised school budget. Below is a breakdown of the budget process.

October

1. Individual school/ department begin budget process.
2. Personnel request for additions and /or reductions of staff.

November

1. Supervisors begin budget review and begin to enter information into the CSI budget software for the next school year.
2. Principals begin review process.

December

1. Principals finalize approval process and budget entry closes on 12/15.
2. Business office prepares Capital Projects schedule.

SECTION IV – BUDGET PROCESS

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT NEW JERSEY

Title: **Budget Transfers**

Procedure:

Individual budget line item transfer requests are to be submitted to the School Business Administrator by the Building Principals and/or Curriculum Supervisor. Requests must be submitted using the attached form. When transferring money from one account to another, the "from" account must have enough money to cover the transfer, if not, then the transfer cannot be completed. Make sure the correct account numbers that need to be affected, are used and fill in the description of the account.

Update transfer report as necessary, (suggested on a monthly basis), for submission to County Office twice a year (December and June).

SECTION IV – BUDGET PROCESS

Title: Grant Application Procedure/ Grant Reimbursement

Procedure: Applications

1. All grant applications must be submitted for approval prior to submission to the Granting Authority to the Supervisor of Curriculum and Instruction. All grants require approval from the Superintendent and action from the Board of Education.
2. All other procedures as described in this handbook will apply to transactions involving grant funds.

Procedure: Reimbursements

1. Each month prior to March 15th a reimbursement request for each approved grant will be submitted for cost incurred the previous month through the EWEG system on the Homeroom page.
2. All other procedures as described in this handbook will apply to transactions involving grant funds.

**POSITION CONTROL
STANDARD OPERATING PROCEDURE**

Position control is a process to measure the current status of positions for personal services within the district in order to analyze their fiscal impact on the whole budget year. The impact of a position is determined by actual expenditures from the beginning of a fiscal year plus amounts set aside to cover appointments to the position for the remainder of the fiscal year.

The concept of position control implies that each position must be defined in specific terms and that the hiring procedure may not be completed until a specifically defined position exists for the applicant. Budget Status is determined by combining elements from the Position File, the Payroll Distribution File, and the Employee Data Base.

The base line year to use for position control is the snapshot date of February 1 of the prebudget year. Grouping should be established by budgetary function and object at a minimum.

According to 6A:23A-6.8, districts shall maintain an accurate, complete, and up-to-date automated position control roster in order to track the actual number of employees, as well as, the category of employees in detail.

The position control roster shall:

1. Share a common database and be integrated with the district's payroll system;
2. Agree to the account codes in the budget software.
3. Ensure that the data within the position control roster system includes:
 - i. The employee name
 - ii. The date of hire
 - iii. A permanent position tracking number for each employee including:
 - (1) An accurate expenditure account code(s)
 - (2) The building the position is assigned
 - (3) The certification title and endorsement held, as applicable
 - (4) The assignment position title as follows:
 - (A) Superintendent or Chief School Administrator
 - (B) Assistant Superintendent
 - (C) School Business Administrator
 - (D) Board Secretary (when other than I, II or III above)
 - (E) Principal
 - (F) Vice Principal
 - (G) Director
 - (H) Supervisor
 - (I) Facilitator
 - (J) Instructional Coach by Subject Area

SECTION V – POSITION CONTROL

 - 3. longevity
 - 4. guide
 - 5. stipends by type
 - 6. overtime
 - 7. other extra compensation
- x. The benefits paid by the district, net of employee reimbursements or co-pays, by type of benefit and for FICA and Medicare;
- xi. The position's full-time equivalent value by location;
- xii. The date the position was filled; and

SECTION V – POSITION CONTROL

xiii. The date the position was originally created by the board. If the date the position was originally created is not available, this item shall represent the date the person currently filling that position was approved by the board.

A. Purpose

The purpose of this Standard Operating Procedure is to describe forms and procedures needed to assign position control numbers and create, or abolish positions.

B. Scope

These procedures cover all positions and all employees of the district.

C. Authority

The assignment of PCN's should be initiated by the CSA. Human Resources in conjunction with the SBA should maintain a list available to the CSA when hiring or transferring employees for the district. It is recommended that the PCN number be referenced in the resolution approved by the Board of Education.

D. Position

A position is a set of duties and responsibilities specified in a specific job description assigned to be performed by an employee of the district. A position may be full-time, part-time, stipend, permanent/non-permanent, seasonal (summer school, after school, athletics, etc...) and either filled or vacant. A permanent position does not exist until it has been authorized and established by the Board of Education, Human Resource and the Office of Business Administration.

E. Position Control Number – Creating and Maintaining

Position Control data is maintained in the Office of Business Administration. This report or review should indicate at a minimum the individuals PCN and linked budgetary account to be charged. Individuals not assigned a PCN must be assigned one and any vacant PCN should be noted for future reference.

F. Position Control Number (PCN)

A position control number (PCN) is created to represent each board approved contracted *position* within a district. These control numbers are attached to the budget spread, telling the system which account(s) the position is to be paid from. As the positions are filled, the corresponding control number is linked to the employee who is currently filling the position. Control numbers that are not linked to any employees represent vacant positions.

PCNs are independent of employee records. Each PCN represents a separate *position* within the district, *not* the employee who fills it at any particular time. Thus, if an employee leaves a position and the position remains open, the PCN remains active in the system representing a vacant position to be filled. Once an employee is hired for that position, the vacant PCN is then assigned to that person.

Vacant PCNs can provide an area where a projected estimated salary amount may be entered, providing the district with the ability to budget for positions that are expected to be filled. An assigned PCN will forward a calculated salary into the budget projection. As PCNs represent *positions* within the district, they are only added or deleted when a job position itself is either created or phased out.

G. Request for PCN for a New Position

Departments request for the use of PCNs for new positions or to reactivate an abolished position shall include detailed justification and a cost benefit analysis. The superintendent will determine if the new position is justified, needed and that adequate funds are or have been budgeted. Based on this determination, the superintendent will decide if they will make a recommendation to the Board of Education. Upon approval from the Board of Education, the Office of Business Administration will create a new PCN.

H. Other

Each PCN shall be integrated with the payroll system to ensure that the correct budgetary account is charged. The PCN system should be able to track through payroll and the personnel system the position by account number, individual, PCN and the history of the use of the PCN.

INTERNAL CONTROL QUESTIONNAIRE - EMPLOYEE DUTIES

This form is used to tabulate the separation of employee duties. It may be used by itself or in conjunction with a narrative, flowchart or other means of documentation. The name of the employee or the identification of the group performing an identical function is to be written in the space provided at the top of each column. On the applicable horizontal line, if the duty listed is a primary one for the employee, that is, one which he performs with considerable regularity, the numeral 1 should be used. If the duty listed is a secondary one, that is, one which he performs more or less infrequently as a back up for the usual performer, the numeral 2 should be used. Upon the completion of the questionnaire, a careful analysis should be made to ascertain whether or not a proper separation of duties exists. Any conflicts existing in the current division of duties should be indicated on the evaluation of employees' duties sheet.

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT NEW JERSEY

Title: Purchasing Procedures
Sub-Title: Authority to Purchase, Bidding and Quotations
Authority to Purchase:

According to New Jersey State statute 18A:18A-2(b), the Purchasing Agent/School Business Administrator is the only individual in the school district that has the authority to make purchases for the Board of Education.

Authorized Purchases

All requests for the purchase of goods and /or services must be made through an approved purchase order signed by the School Business Administrator. No goods or materials may be ordered or work/service be authorized to begin by any other individual in the school district other than the School Business Administrator.

Unauthorized Purchases

Any Board of Education employee who orders and/or receives any materials, supplies or services without going through the approved purchase order process has made an unauthorized purchase and may be subject to disciplinary action.

Procedure:

1. **QUOTATIONS:** When a single item or service, or group of like items cost between **\$6,500 to \$44,000, two quotations are required.** Notification of this range will be sent throughout the district by July 1, of each year. A **Quotation Record Form** is used for this procedure and is to be attached to the Purchase Order for submission to the Business Office.
2. **BIDDING PROCESS:** When a single item or service of a group of like items are at **\$44,000** or greater, the formal bidding process through the Business Office is required (July 1, the threshold amount will be sent to the offices). Building Principals or Program Supervisors are responsible for providing the Business Office with detailed specifications and a list of vendors (if requested) for each item or service being purchased. The legal process takes approximately four to eight weeks from the date of the Business Office receives the request and specifications. After award of the bid the Business Administrator will notify the appropriate party of the award and the person requesting will submit a purchase order.
3. If the vendor has a State Contract Number, no quotes or bids are necessary, however the State Contract Number must appear on the purchase order.

SECTION VI – PURCHASING

4. **OTHER ITEMS:** The purchase of any single item or service not falling into one of the above categories must be processed on a purchase order which will be approved by the School Business Administrator prior to the purchase. This means **there will be no purchase orders authorized by a telephone call by a Principal, Supervisor, Teacher or other staff member.** Board members/staff members attending conventions or workshops are not to make purchases in the name of the school district without following the purchasing process. All purchases of goods and services require a purchase order to be generated with approval from the Superintendent and Business Administrator.
5. **Preview of Materials:** All staff members must receive permission from Principals or Supervisors **to preview materials.** After the preview process has been completed, the item must be returned. If there is a desire to purchase the previewed item, then a purchase order must be originated for a new item.. All purchases must go through the Business Office.
6. **Reimbursements of employees:** The Board of Education recognizes an employee reimbursement purchase order when it pertains to pre-approved travel, meal and conferences. The Board **will not reimburse** employees for items and goods personally purchased by the employee as these items are required to be purchased through a vendor through the purchase order system.
7. **Student Activity Accounts:** Purchases made through Student Activity Accounts may not be reimbursed with Board funds. Purchase orders made payable to the Student Activity Accounts for the aforementioned purpose will not be signed by the Purchasing Agent.

LEGAL REFERENCE: Bidding requirements, N.J.S.A. 18A:18A 3 and 4; quotation requirements, N.J.S.A. 18A:18A-37.

Title: Purchasing Procedures

**Subtitle: Definition of Purchase Order
Emergency Orders and Extraordinary Conditions**

Purchase Order:

According to 18A:18A-2(v), a purchase order is a legal document issued by the Purchasing Agent (School Business Administrator) authorizing a purchasing transaction with a vendor to perform or provide goods or services to the Board of Education. ONLY THE PURCHASING AGENT IS AUTHORIZED BY LAW TO PURCHASE GOODS AND SERVICES FOR THE SCHOOL DISTRICT.

Emergency Orders or Extraordinary Conditions:

Procedure:

1. **EMERGENCY SITUATIONS** will be defined as situations in which the operation of a school or program would be seriously hampered.
2. **EXTRAORDINARY CONDITIONS** will be defined as conditions which are not known until after an operation has begun, which required unanticipated parts, equipment or materials to be obtained in order for the operation to be completed.
3. Under the conditions defined as emergency or Extraordinary in nature, the appropriate Central Office Administrator may request an emergency purchase order by contacting the Business Office immediately with all correct information and provided there is enough unencumbered balance in the account to cover the amount of the purchase order. The Business Office will make all necessary contacts with vendors. This type of purchase order will be immediately processed.
4. **Confirming purchase orders**, orders where the vendor is given the PO number prior to the PO being processed or approved by the Board of Education, **are not allowed and are a violation of state law.**

Title: Purchasing Procedure

Subtitle: Receipt of Goods

Purpose: To facilitate the receipt of goods and to make prompt payment to vendors.

Procedure:

1. Check the packing slips very carefully without delay, as soon as the shipment is received. If the items are on back- order, mark” back order” on the receiving/payment copy-green copy, (E), of the Purchase Order and wait a reasonable time for work orders to be received (four weeks should be enough time unless the vendor gave you a receiving date). If by that time the back order has not been received, please forward the packing slips with a notation, to this bill and hold the green copy, (E), for the additional back orders. Sometimes the packing slip is marked “out of stock” or “cancel” then send the whole thing to the Business Office for payment.
2. If there is a problem with an order, notify the Business Office immediately with an Order Information Form with the packing slip attached. Most companies will allow a shortage claim within thirty (30) days.
3. Check with the Business Office for any back order cancellation notices.
4. Should it be necessary to cancel the back order items, send back the green copy, (E), of the Purchase Order to the Business Office, so marked.
5. The Receiving Record of the Purchase Order must be given to the Business Office within 30 days after returning to school for all items delivered during the summer months.

Title: Expenditure Control

Subtitle: Professional Affiliations/Expense Reimbursement

Procedure:

Professional Affiliations:

Payment for approved professional affiliations require all original bills to be attached to the Purchase Order Requests for verification with the account to be charged.

Workshop/ Trip Reimbursement:

1. A request for travel must be submitted to the Superintendent of Schools which includes a Professional Development Request Form, prior to the travel date(s), and at least seven (7) days before a Board meeting. The request shall include supporting documentation to include a statement outlining the primary purpose for the travel and key issues that will be addressed and their relevance to improving instruction or the operation of the district. Additionally, the documentation must include the type of travel; location, date(s) of travel; and all related costs including transportation expenses, parking, tolls, lodging, meals, and other expenses. A purchase order with the registration and/ or lodging request must be submitted at the same time. Lodging will only be paid at the Federal GSA (General Service Administration) rate.
2. The Superintendent of Schools shall review and may approve or deny each request for travel expense. The Superintendent's signature designating approval is required on the request for travel reimbursement.
3. All requests for travel approved by the Superintendent of Schools shall be forwarded to the Business Administrator, or designee, to determine if the expenses as outlined in the request are in compliance with the New Jersey travel reimbursement guidelines as established by the Department of Treasury and with guidelines established by the Federal Office of Management and Budget (car rentals and/or limousine services are ineligible expense for reimbursement).
4. Expenses for travel and related expenses must meet two sets of tests in order to be reimbursable. First, there is the requirement that the expenses be incurred for matters affecting the Township Schools, and they be ordinary and necessary. Secondly, there is the requirement that travel and related expenses not be reimbursed unless adequately substantiated.

SECTION VI – PURCHASING

5. Lodging and meals must comply with the federal per diem rate. Lodging expense may exceed the federal per diem rates if the hotel is the site of the convention, conference, seminar or meeting and the going rate of the hotel is in excess of the federal per diem rate.
 - a. If expenses are in compliance with the guidelines, the Superintendent will include the Professional Development Request Form information and the purchase order on the Board of Education agenda for approval.
 - b. If any expenses are not in compliance with the guidelines, the Business Administrator, or designee, will return the request to the Superintendent of Schools.
 - c. The Superintendent will notify the professional staff member or Board member of any expenses not in compliance with the guidelines. To receive final approval the staff member or Board member must agree to assume financial responsibility for the non-compliant expenses.
6. Approval of the travel request requires a majority of the full voting membership of the Board of Education at a Board meeting.
7. If approval is given by the Superintendent and the Board of Education, a copy of the Professional Development Request Form will be returned to the staff member. This copy along with the Conference Travel Expense Report and the Voucher, (second page of the PO that must be signed) and all receipts (no receipts, no reimbursement) need to be attached to the purchase order and sent to the Business Office for reimbursement after the trip.
8. All fees or expenses not covered by the purchase order, the payment shall be made personally by the school district employee and reimbursed at the conclusion of the travel event.
9. The purchase order for expenses should not be submitted until the staff member has the canceled check or a receipt from a credit card. The cancelled check or the receipt from a credit card should be attached to the purchase order.
10. A duly executed purchase order should be submitted early enough to have it included for payment at the next regular Board meeting. If the purchase order is submitted in the beginning of the month payment will be made after the second Tuesday of the month.
11. At the time of submission of all expense reimbursements, the staff member must submit a Post Professional Development (PD) Report that will state the purpose of the travel, key issues addressed at the event and their relevance to improving instruction or the operation of the school district.

SECTION VI – PURCHASING

12. Board members, officers and designated employees of the Township School District who register for conferences, workshops, or other professional growth and development activities but fail to attend without proper notification shall be responsible for reimbursing the Board for all incurred expenses.

Exceptions caused by extenuating circumstances may be granted at the Board's discretion.

13. School district travel expenditures **shall not include** costs for the following:
 - a. Subsistence reimbursement for one day –trips, except for meals expressly authorized by and in accordance with the provisions of N.J.A.C. 6A:XX-8.20
 - b. Subsistence reimbursement for overnight travel within the State, except where authorized by the Commissioner in accordance with the procedure set forth in N.J.A.C. 6A:XX-8.19(b).

Title: Professional Services

Subtitle: Legal Services

Procedure:

1. In order to help minimize the cost of legal services, the Board will authorize the designated persons, Superintendent of Schools, the Business Administrator, the Assistant Superintendent, Director of Personnel and Director of Curriculum to contact legal counsel. The designated persons shall ensure that contacted legal counsel is not contacted unnecessarily for management decisions or readily available information contained in district materials such as Board policies, administrative regulations, or guidance available through professional source materials.
2. If legal advice is requested by anyone other than the five designated persons listed, a request for legal advice shall be made in writing and shall be maintained on file in the administrative office. The designated person(s) will determine whether the request warrants legal advice or if the information can be obtained elsewhere.
3. A log of all legal counsel contacts, will be maintained by the designated person(s) and will include: the name of legal counsel contacted, date of contact, issue discussed and length of contact. Legal bills shall be compared to the contact log and any variances shall be investigated and resolved.
4. Payments for legal services will comply with payment requirements and restrictions pursuant to N.J.S.A.18A-19-1 et seq. as follows:
 - A. Advance payments are prohibited
 - B. Services to be provided shall be described in detail in the contract
 - C. Invoices for payment shall itemize the services provided for the billing period
 - D. Payment shall only be for services actually provided
5. The Board of Education will annually establish, prior to the budget preparation, a maximum dollar limit for each type of professional service, including legal services.

In the event it becomes necessary to exceed the established maximum dollar limit for the professional service, the Superintendent shall recommend to the Board of Education an increase in the maximum dollar amount. Any increase shall require formal Board action.

SECTION VI – PURCHASING

6. Contracts for legal services will be issued by the Board in a deliberative and efficient manner such as through a request for proposals based on cost and other specified factors or another comparable process that ensures the district receives the highest quality services at a fair and competitive price or through a shared service arrangement. Contracts for legal services shall be limited to non-recurring or specialized work for which the district does not possess adequate in-house resources or in-house expertise to conduct.

Title: Expenditure Control

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance Work Order System

In order to ensure that building maintenance projects are done in a timely fashion, the MLworkorders system must be followed. Work orders may generated by the Teachers or other school personnel but must be forwarded and approved by the building Principal. The Principal's office will log in the work order request through the MLworkorders. The program will ask for specific information regarding the exact location and the extent of the work. By logging in at your school location, you are logging into the Maintenance Department's Web Site therefore the work order is automatically sent to the Maintenance Office. No maintenance projects will be started without a work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the severity of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

Computer Work Order System

In order to ensure that computer repairs are done in a timely fashion, the following procedure must be followed.

1. A work order is generated on the web site indicating a description of the problem and the location.
2. Work orders are received and delegated to the Computer Technicians and given a reference number. Work orders will then be processed in the order they are received, unless there is one that is classified as a priority request.
3. Upon completion of the work order, the person initiating the work order and the supervisor receive a report stating that the work is completed.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF
WORK, HEALTH & SAFETY)

**BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT
BLACKWOOD, NEW JERSEY**

Title: Facilities (includes administration of work and health and safety)

Purpose: The Board of Education recognizes that adequate facilities must be provided to all students and that it must maintain all buildings so that students have a safe and healthy environment in which to learn.

Procedure:

Building Coordinator

- While any staff member could contact the Buildings and Grounds Office, the building principal or his designee has the responsibility to be the contact person for the facility to handle communication and administrative details. The Building Principal generally approves and forwards written requests for long term and elective maintenance.
- During the periods of school vacations, the head building employee will assume the responsibility to forward the work requests to the Building and Grounds Department.

Planning for Alterations and Remodeling

- The first step that a school must take before deciding on all major or minor elective alterations or change in use of space is to communicate in writing to the Business Administrator. He will review and submit all requests for remodeling to the Superintendent of Schools.
- After the Superintendent approves the request, it will be sent to the Buildings and Grounds Department to obtain a project cost estimate for the proposed work. A source of funding must be identified before the project will move to the design and construction phases. Once the project is funded, the manager of capital projects will be instructed to prepare the proper documentation to submit to the County Superintendent or the Department of Education for approval. Application for building permits, bid specifications, plans and drawings must be produced to assist the requestor through the design and construction phases. Keep all concerned informed of scheduling and major events.

Maintenance and Repair of Equipment

- The Buildings and Grounds Department holds contracts with several service companies who provide maintenance and repair services such as elevators, fire alarms, burglar alarms, clock repairs, public address systems, gym door repairs and roof repairs.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

- The Maintenance Department is prepared to carry out some renovations, alterations and improvements and support buildings in order to offer a constant safe environment. These operations must be scheduled in advance.

Noise Control

- The Maintenance Department attempts to schedule work with high noise potential at times least likely to be disruptive. However, it is not always possible to delay emergency repairs.
- When you are bothered by noise caused by repair projects, call the Buildings and Grounds Department so we can try to accommodate your needs.

Pest Control

- The Buildings and Grounds Department provides exterminator services to rid the building of rodents, insects and other pests in accordance with the district's Integrated Pest Management Plan.
- Please call the Buildings and Grounds Department if this service is needed.

Recycling

- Materials such as newspaper, glass containers, aluminum cans, office paper and corrugated cardboard are recycled. Recyclable materials are to be left in containers properly labeled and located in areas throughout the buildings.

Refuse Collection Services

- Trash collection is provided by contract and is under the supervision of the Buildings and Grounds Department. It is done on a regularly scheduled basis. Requests for special pickups should be directed to the Supervisor of Buildings and Grounds.

Chemical Hygiene and Disposal of Hazardous Wastes

- The district shall maintain its Chemical Hygiene plan and update it on an annual basis.
- Chemicals, oils, paints, radioactive materials or other hazardous waste should not be disposed of in trash or waste water collection systems. If you have any questions regarding the storage or disposal of these materials, please contact the Buildings and Grounds department.

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

Right To Know

- The district will maintain up to date Right to Know logs and ensure that all employees are provided training at the time of initial employment.
- The district will provide training on Right to Know regulations to all new employees. Retraining will also be provided as required.

Safety/Accident Reporting

- All accidents will be reported to the central office on the appropriate district approved form. Following review by the BA, the accident form will be forwarded to the district insurance carrier in accordance with the district's risk management procedures.

Asbestos Management

- The district shall maintain its AHERA management plan and ensure that it is updated every three years.

Indoor Air Quality

- The district performs indoor air quality testing.

Fire Alarm Systems

- The district shall ensure that annual inspections are performed on the fire alarm system. It shall also conduct monthly inspections of all fire extinguishers.

Boilers

- The district will ensure that all boilers are inspected annually
- The district will ensure that a properly licensed boiler operator is on site whenever the boilers are running and buildings are occupied

Safety Inspections

- The district will ensure that all health and safety inspections are done on a regular basis, in accordance with the NJ Department of Education evaluation of school buildings checklist

Long Range Facility Plan

- The district will ensure that it submits all required documents for its Long Range Facility Plan to the Department of Education on a timely basis

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

Comprehensive Maintenance Plan

- The district shall annually approve its three year comprehensive maintenance plan which shall include corrective and preventative measures for the interior and exterior of each building

OSHA/PEOSHA requirements

- The district shall comply with all OSHA and PEOSHA requirements including but not limited to lockout/tagout and confined spaces procedures

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF
WORK, HEALTH & SAFETY)

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT
BLACKWOOD, NEW JERSEY

TITLE: Facilities Maintenance & Repair Scheduling and Accounting

SUBTITLE: General

PURPOSE: To have an automated work order system for prioritizing, performing and recording all maintenance repair requests for all district buildings and grounds.

Whenever a school district employee wants to request a repair or an enhancement from the Maintenance Department, they should complete a maintenance request. The maintenance request should be generated by the person making the request. Employees are encouraged to enter their request directly into the web-based work order system instead of using the paper form. The web-based system and paper form have been designed to include all information required by N.J.A.C. 6A:23A-6.9.

Prioritization

The work order must first be approved by the building principal and the business administrator before any work is performed. The work orders will be performed in the following priority order:

- A. Emergency – An emergency is a situation that poses an imminent threat to the health or safety of occupants of school property which requires the immediate delivery of goods or the performance of services. Normal purchasing procedures may be waived in the event of an emergency.
 - 1. An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service.
 - 2. Within three days, the superintendent shall inform the County Superintendent of the nature of the emergency and the estimated needs to respond to it.
 - 3. The emergency purchasing procedures may not be used unless the need for the goods or the services could not have been reasonably foreseen.
 - 4. The contract shall only cover the necessary tasks to alleviate the emergency.

VII-2.1

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

- B. Safety – A safety issue exists when the issue could lead to the injury of any occupant of the building. Examples would include broken locks, water leaks, etc.
- C. High – A work order should be categorized as high if the situation is in violation of laws or regulations or board of education policy. Examples would include broken heaters or air conditioners in violation of “Indoor Air Quality” rules or PEOSHA requirements.
- D. Medium – A work order should be categorized as medium for general repair work of an existing system that no longer works, such as a broken sink. The Medium category also includes items included in the annual Comprehensive Maintenance Plan and the district’s Strategic Plan.
- E. Low – A work order should be categorized as low for requests that are new items, such as a new shelf.

Within each priority category, work orders should be completed in chronological order. The Buildings & Grounds Supervisor may group work orders in order to complete them in an efficient manner. The superintendent may authorize the completion of a work order in a priority order other than above.

Cost Benefit Analysis

Whenever the estimated cost of completing the work order, including labor and materials, is greater than the quote threshold, a cost-benefit analysis of outsourcing the work order shall be performed.

If the results of the cost benefit analysis indicate that it would be less expensive to outsource the work, the work shall be outsourced provided the work can be contracted in accordance with the Public Schools Contracts Law and it can be completed on time.

Completion Procedures

Labor & Materials:

The technician shall record the following for each work order:

- A. The actual hours worked by date.
- B. Whether those hours were at regular or overtime rate.
- C. The actual materials and supplies needed to complete the order.

VII-2.2

SECTION VII – FACILITIES (INCLUDES ADMINISTRATION OF WORK, HEALTH & SAFETY)

The technician shall record these items either directly into the work order software or on the paper work order form and forward that form to the Maintenance Secretary for recording in the work order software. The work order should be marked as completed after the transactions are entered.

Close Out Procedures

The Business Administrator shall review all completed work orders to ensure that they are properly classified and costed out for the Comprehensive Maintenance Plan. The work order should be marked as closed.

Contracted Services:

When a work order requires the hiring of an outside contractor, it should be assigned (in the software) to the Maintenance Supervisor. The Building Supervisor will initiate a requisition with an estimated amount for the service call. The work order number should be entered into the control number field on the requisition.

When the service is complete, the Maintenance Supervisor should mark the work order as complete. When an invoice for the work is received, the maintenance secretary should enter it as a purchase transaction into the work order. The work order should then be marked as closed.

Planning

Prior to December 1st of each year, the School Business Administrator shall conduct an analysis of the work order system to plan for the following budget year. The analysis shall include:

- A. Productivity of staff as a whole and individually.
- B. Variations between estimated and actual labor and materials costs.
- C. Unusual trends for like projects.
- D. The projected life expectancy vs. the date a building system/piece of equipment was put into place.
 - a. Other factors that will improve productivity and efficiency.

SECTION IX – EMERGENCY PREPAREDNESS

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT BLACKWOOD, NEW JERSEY

TITLE: Emergency Preparedness

SUBTITLE: General

PURPOSE: To provide district staff with a reference document and to provide the administration with detailed information to use in the event of an unforeseen crisis.

1. The administration shall create a detailed Emergency Management Plan (N.J.A.C. 6A:16-5.1 et seq.) which will provide additional detailed information available only to the Emergency Response Team. The Emergency Management Plan has sensitive information that should not be shared with the public. The Team shall keep the Plan in a locked cabinet in their office. It will also be distributed by electronic file that each member should keep at their home.
2. The administration shall create a quick reference guide for staff to follow in the event of a crises, including but not limited to:
 - a. Bomb Threats
 - b. Fire
 - c. Intruder with gun
 - d. Weather
 - e. Earthquakes
 - f. Intruder/Fights
 - g. Shooting
 - h. Sexual Battery

The quick reference guide shall be distributed to each staff member.

3. The administration shall create and maintain a plan in the event of a pandemic. The plan shall include the following areas:
 - a. Planning and Coordination
 - b. Continuity of Learning and Core Operations
 - c. Infection Control Policies and Procedures
 - d. Communications Planning
4. The administration shall create and maintain a Biosecurity Management Plan to keep the food products safe. The Biosecurity Management Plan shall be kept confidential except for members of the crisis management team.
5. Training on the Emergency Management Plan shall be conducted annually.

**BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT
BLACKWOOD, NEW JERSEY**

Title: **Safety**

Purpose: **It is our goal to provide a safe and healthful environment for everyone that utilizes the district's facilities. This includes employees, students, and visitors to our district.**

Providing a safe environment goes beyond the obvious of properly maintaining buildings and grounds. A safe environment entails the attitude of the people occupying that environment. Therefore, we believe that safety is an attitude which must be cultivated and reinforced.

Procedure: The Superintendent of Schools shall appoint a District Safety Coordinator with the responsibility of establishing and implementing a continuing effective safety program. The district goal is to eliminate lost time accidents. The program must involve all employees and students of the district. Employees should be involved through periodic safety meetings. Students should be involved through classroom instruction by the appropriate educators.

The Safety Coordinator shall organize a safety committee with at least the following employees involved to ensure all areas of the operation of the district are represented: Supervisor of Buildings and Grounds, Cafeteria Supervisor, Supervisor of Transportation, School Business Administrator, a school nurse, principal and other staff deemed necessary.

The Safety Committee will meet periodically during the year.

The Safety Coordinator will be responsible for working with the Safety Committee to define the safety program. However, these points must be covered:

- 1. Accident investigation and accident trend analysis.**
- 2. Safety themes identified for use at meetings.**
- 3. Remediation of hazards.**
- 4. Modification to improper work methods.**
- 5. Safety guidelines and specific rules for each area of each building in the district.**
- 6. Proper PEOSH- 200 log maintenance.**

Each employee and student will be responsible for obeying the safety rules established. Disregard of these rules will automatically cause a progressive disciplinary system to be enforced, which ultimately could lead to termination from the district.

BLACKWOOD, NEW JERSEY**

Title: **Loss Control**

Subtitle: **Injuries**

Procedure:

STAFF INJURIES

Every employee is entitled to work under the safest possible conditions. In order to insure this, it is necessary that every accident/injury be reported.

All incidents/ accidents must be reported by the employee to their Supervisor within twenty-four (24) hours after the incident occurs. In the case of injury an accident report must be filled out within twenty-four (24) hours. If there is an employee accident, the employee is to report it to the nurse/ supervisor and fill out the **NOTICE OF EMPLOYEE INJURY Form**. If the employee needs medical treatment they will then call **QualCare** at: **1-800-425-3222**

The employee will speak to a nurse who will obtain detailed information and make the arrangements for treatment. If further specialized treatment is needed, it must be approved by the School Workers' Compensation physician who will refer the employee to a specialist for this treatment. Failure to go to the Board's doctor will result in a possible rejection of the claim. The school's workers' compensation doctor or the referred doctor will determine when the employee may return to work. The report will be given immediately to the assigned Principal/Supervisor for review and signature and sent to the Business Office.

If the accident or injury is an emergency, the employee may be treated at the nearest hospital and report the accident as soon as possible to **QualCare** . Employee should instruct the hospital, doctor or pharmacy to forward all bills to Business Office (Workers' Compensation Claims). It is NOT recommended that the employee use his/her personal insurance card as this will complicate and delay the prompt payment of any medical bills.

After examination or treatment by the workers' compensation doctor, emergency doctor or referred doctor, the employee must report back to work with the Return to Work Form.

SECTION X– RISK MANAGEMENT

LITIGATION/LIABILITY

Any incidents having the slightest possibility of potential litigation/liability must be reported to the Business Administrator immediately.

INJURIES TO VISITORS ON THE PREMISES

For injuries to visitors in the building or on the premises (day or evening), the same procedure should be followed as for injuries to pupils, except the office of the Business Administrator will be notified as to when and where the accident occurred. It is important that in the description of the accident that it is clearly stated that the injuries are not a staff member or student. When an injury occurs, call the **Business Office** for more information.

**BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT
BLACKWOOD, NEW JERSEY**

Title: **Loss Control**

Subtitle: **Recording of Days Absent Due to Injury/Accident**

Procedure:

Days absent from work due to illness, injury or accident will be recorded as sick days initially. When the District receives a determination from the Workers' Compensation Insurance Carrier or a Workers' Compensation Court, that these days are designated as Workers' Compensation Days, the employee's attendance record will be adjusted accordingly.

**BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT
BLACKWOOD, NEW JERSEY**

Title: **Food Service**

Purpose:

The Board of Education recognizes that Food Service is required for the promotion of education. The Board has the responsibility to provide food services to all students.

Procedure:

Application for Participation in Child Nutrition Program

- Before the beginning of each school year, Business Office Secretary files the appropriate paperwork with the Bureau of Child Nutrition to participate in the Free and Reduced Meal Program.

Direct Certification

- Students eligible for TANF and/or Food Stamps may be directly certified by the State. In these cases, the district sends a letter to the household and notifies them of their child's lunch status before school even begins. In these instances, no lunch applications need to be filled out.

New Students

- Upon registration, new students are given applications for free and reduced meals.

Free and Reduced Meal Applications

- Business Office Secretary provides Applications for free and reduced meals to each school before the opening of school. The applications are disseminated by the school to students and then returned to school upon completion. Completed applications are then forwarded to the Vice Principal.

Determining Eligibility for participation in the Child Nutrition Program

- The Vice Principal determines eligibility in accordance with applicable regulations established by the Department of Agriculture. After determination, letters are sent to all applicants advising them of their status (i.e. free, reduced or denied). All applications are maintained in the central office as required by the State.
- All applications are then submitted to the Business Administrator.
-

XII-1.1

Master Eligibility List

- A master eligibility list must be completed and maintained by Business Office Accountant/Clerk or. This is a comprehensive list of all students who filed an application and indicates their status as free, reduced or denied. The master eligibility list is maintained for each school (location) as well as district-wide as required per regulations.

Civil Rights Compliance

- Per regulation, a Civil Rights Compliance is completed each year. Using the October 15th student data, lists are maintained by school, broken down by ethnic group and further broken down by status of free, reduced and denied.

Verification

- By November 15th, the required percentage of applications deemed eligible for free and reduced are verified. Error prone applications are chosen at random and applicants are asked to provide name and social security number for each adult listed on the application as well as proof of income.

Bidding

- Milk and other food items are subject to the bidding requirement of the New Jersey State Contract Law. The Food Service Management Company contract will be renewed and/or re-bid in accordance with applicable law.

Daily Deposits

- Deposits are prepared daily, by school and reconciled to the register tapes by food service manager. They are then put into a locked bank bag and delivered to the bank or the Business Office. Any deposits delivered to the business office are kept in the safe until pick-up from the courier. Deposit totals are reconciled to the bank statement by the business office personnel.

Setting Prices

- Each year, the Board of Education sets prices for food services. Every effort is made to set prices that are affordable for students but enable the food services to operate without contribution from board funds. The prices cannot exceed the rates established by the Department of Agriculture.

Voucher Certification/submission

- Each month, cafeteria personnel enter meal counts into the Department of Agriculture meal reimbursement system in SNEARS (School Nutrition Electronic Application System). These meal counts are then verified by the Business office and then Certified so that State reimbursement can be made.

Commodities

- The district shall participate in the commodities program offered by the New Jersey Department of Agriculture.

1. Food Services Procedures**11.1 Daily Lunch Claim Amounts**

- (a) The Nutrikids POS system is utilized to record and process all student lunch activity. The POS system is updated on a daily basis via an upload from the district's student Data base (Genesis). Student demographic information is updated during the upload and free and reduced status is added manually.
- (b) The POS system accounts for all purchases made by the student. The student utilizes their student ID, enters their student number to activate their account or makes a cash payment at the time of sale.
- (c) If the student does not have his/her money, the cashier enters it as a charged meal.
- (d) At the end of the day, the cash register is closed out and the POS generates a reports all of the totals categorically.
- (e) The Cafeteria Manager does a daily reconciliation of the register report and receipts for the day.
 - These are the numbers that are submitted to the State for reimbursement (only for lunch).

**** Note:** The District has operated under the SSO Program since the latter part of the 19/20 school year due to Covid-19. Accordingly all students are eligible for free breakfast and lunch every day. The POS system is used only for a check to ensure that the students only receive one (1) free lunch each day. The District will return to established procedures once its SSO status is terminated.

11.2 Breakfast Claim Amounts

- (a) The Nutrikids POS system is utilized to record and process all student lunch activity. The POS system is updated on a daily basis via an upload from the district's student Data base (Genesis). Student demographic information is updated during the upload and free and reduced status is added manually.
- (b) The POS system accounts for all purchases made by the student. The student utilizes their student ID, enters their student number to activate their account or makes a cash payment at the time of sale.
- (c) If the student does not have his/her money, the cashier enters it as a charged meal.

11.3 State Report

- (a) The POS Report (Edit Check Report) is generated by the Accountant/Clerk. The report provides cumulative totals of the cafeteria activities by school.
- (b) The Accountant/ Clerk enters the information generated by the POS in the SNEARS system for reimbursement.
- (c) The Accountant / PR coordinator then reviews the submission and certifies the information for reimbursement.

SECTION XII– FOOD SERVICE

11.4 Maintenance/Technical Repairs & Work Orders

- (a) All technology requests are usually communicated directly to the director or office staff that enters the request by way of MLworkorder system for each individual site.
- (b) If the repair is not completed within an acceptable time period, the director usually enters a second request via MLworkorder.
- (c) All orders that are above and beyond normal, routine maintenance or installation are approved by Business Administrator prior to submission to either above department.

11.6 Inventory Management

- (a) Every time a delivery of frozen foods is scheduled from the government, a processor, or a distributor, these items are perpetually added into inventory by the Cafeteria Manager.
- (b) After ordering is completed, food items must be deducted from inventory.
- (c) When all ordering is done by the individual schools, they are required to document what foods they have in inventory that are similar to the ones that are currently being ordered.
- (d) If the Cafeteria Manager feels as though the schools have similar items in individual inventory that they are not going to need in the near future, the supervisors will be called and told to use the items that they have and their order of the similar items will be cancelled.
- (e) The schools are also required to complete a monthly actual inventory.

11.7 Department Timesheets/Payroll

- (a) Separate timesheets are distributed to each school for contracted employees and hourly workers.
- (b) Hourly workers are required to sign in and out every day stating their time of arrival and departure.
- (c) One sheet per week is submitted to Cafeteria Manager who reviews all of the sheets to ensure that calculations have been made correctly, hours have been tallied, and all other required information has been completed.
- (d) Building Manager will then make copies of all timesheets and forward originals to Payroll department.
- (e) The site supervisors simply have to keep track of any overtime or dockings of contracted employees.

SECTION XII– FOOD SERVICE

- (f) Both of the above scenarios (overtime, docking) are submitted on the same form that the hourly workers' time is submitted on. (Both extra or deduction of pay will appear during next month's pay period)
- (g) Cafeteria Manager reviews, approves and signs all timesheets.
- (h) More serious infractions will automatically be documented and placed in the employee's file. (The employee will always receive a copy of any derogatory information placed in his/her file.)

TITLE: Technology Systems

SUBTITLE: Physical security over technology equipment, peripherals and media

PURPOSE: In order to ensure the overall performance of the technology systems, the equipment must be protected from harm, abuse, misuse and pilfering.

1. Rooms or areas that house servers will be secured either by electronic door entry systems (card swipes or proximity cards) or by mechanical means (locks). Access to these areas should be restricted to authorized personnel only.
 - a. Keys or cards that allow access to the areas should be limited in number and accounted for regularly.
 - b. Review of the personnel who has access to these areas should be reviewed several times a year.
 - c. A log should be kept of any visitors to the secure area with name, date, time entered, time exited and purpose of visit.
2. Rooms or areas that house large amounts of computer or technology equipment (including server rooms, switch closets and computer labs) should have environmental controls to ensure the proper heating, cooling, ventilation, and dehumidification is provided. Environmental controls should be monitored with a system to report environmental alarms.
3. All computer and technology equipment should be tagged and inventoried. Annually the equipment should be physically verified against the inventory log for existence and location verification.
 - a. Verification should be made periodically to ensure that equipment is still located where the inventory record states. When equipment is moved, the inventory record should be updated.
 - b. Laptops and other portable pieces of equipment should be accounted for periodically by requiring the users to provide the piece for physical inspection.
 - c. Software clients can be used to track inventory of computer-based assets. Updates of software clients should be made on a regular basis.

SECTION XIII– TECHNOLOGY SYSTEMS

- d. Inventory should be kept of computer related parts, supplies, consumables, and peripherals.
 - e. District should track cost of replacement on all technology equipment valued above \$500.
- 4. Cables and other locking mechanisms should be utilized when appropriate to secure individual pieces of equipment.
 - 5. A master set of user manuals should be maintained and secured to ensure continuity of operations should other versions be destroyed. A master set of manuals should be held in another area, building, in a fire-rated cabinet or scanned and stored electronically in multiple locations
 - 6. Media and other output should be protected in locked areas or cabinets. Media that is utilized for back-up of information, applications or systems should be held in another area, building or in a fire-rated cabinet. Aging media should be transferred to a current technology.

TITLE: Technology Systems

SUBTITLE: Security over data – passwords and user accounts

PURPOSE: In order to ensure the overall performance of the district via its technology systems and data.

1. Password protection should be utilized for all network logons. Individual applications should also require users to have passwords.
 - a. Users should be reminded not to share or write down passwords
 - b. Passwords should be “hardened” passwords and should be at least eight digits long, requiring upper and lower cases, numbers, and special characters. Passwords should not be “real” words or names of family, friends, pets, etc.
 - c. Passwords for network access should be forced to be changed periodically
 - d. Passwords for applications should be changed periodically.
 - e. Passwords should be user generated and not stored whenever possible, with only reset ability housed at the technology department level
 - f. Passwords should not be repeated for network access and application access, particularly the student information system.
2. User accounts should only be made for network access and individual application access as required for the completion of the staff duties or learning opportunities for students.
 - a. No user profiles should be created, changed or deleted without proper authorization. This should include a written (or electronic) request form that is authorized by central administration. This authorization should include the name of the individual, the applications and network services to be granted access to and the level of security in each.
 - b. Systems that employ automatic account/password creation should be monitored regularly to ensure software functionality.
 - c. Access to district wide public folders should be restricted based on user role.
 - d.

TITLE: Technology Systems

SUBTITLE: Systems software and applications authorized for use in the district

PURPOSE: The number, type and scope of individual applications should be monitored to maximize the efficiency of the technology while not creating an overly complex environment.

1. Purchase and use of new applications, including those that are web hosted and not actually owned by the district should require approval of the superintendent and business administrator. Among considerations should be any licensing issues, purpose of application, and compatibility of the new application with the current infrastructure. The need to expand the infrastructure as a result of the new application (for example, video sharing software may need additional storage).
 - a. Before new applications are purchased, there should be a determination of the needs of the district, a review of available solutions, a compatibility test with existing infrastructure and a determination of the needs satisfied by the application.
 - b. Before implementation of new applications, timelines and deliverables should be established. The deliverables would include what is expected of the application and the time frame for each.
 - c. Before installation of new applications, back-up of systems should be done in case of incompatibility and adverse reactions to the new software. Baseline information should be held.
 - d. Hardware requirements for the new application should be identified and purchased well in advance of installation of new applications, if needed. This allows for the proper testing of the new hardware.
2. For existing applications and systems software, a listing should be created and maintained and submitted by the technology department for periodic review by central administration. The list should include:
 - a. Hardware utilized, including name of server or location of software or application
 - b. Summarized description of user

XIII-3.1

SECTION XIII– TECHNOLOGY SYSTEMS

PURPOSE: The district needs to employ several layers of protection to ensure that unauthorized access to the network does not occur.

1. Anti-virus Application is in use and automatically updated and forced automatic rollouts to all district computers occurs on a regular basis to protect from computer virus contamination.
2. The district utilizes spam filters and anti-spyware software to minimize the potential for unsolicited and unauthorized access to the network.
3. The district utilizes an external firewall to prevent access from unauthorized sources.
4. Obtain automatic updates for operating systems and common applications such as Microsoft Office.
5. The district will secure the wireless network by using WEP, WPA or other network level protective encryption to avoid access by unauthorized sources.
6. District will monitor wireless transmission to verify authentication of users.
7. Network administrators will periodically check systems ability to bind IP addresses to users on the network

SECTION XIII– TECHNOLOGY SYSTEMS

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT BLACKWOOD, NEW JERSEY

TITLE: Technology Systems

SUBTITLE: Protect the district’s network from internal dangers

PURPOSE: Create procedures that prevent unauthorized use from within the district

1. The district utilizes “Lock Out”, where the workstations and screensavers should automatically lock the unit when not in use for several minutes.
2. Access to the network should be requested, changed, added and deleted by authorized personnel only on behalf of those staff members who need access. There should be a form that requires signatures and sign-off by the technology staff that has completed the tasks.
3. The district will maintain logs of all users and access levels for all systems applications. Application administrators will maintain logs of all user and access levels for all applications.
4. User roles should be defined that allows for many users to be grouped together. The use of profiles allows for more standardization and efficiency in administering the security access of each application.
5. All application access will be reviewed periodically for discrepancies in the user roles and the access to sensitive information.

TITLE: Technology Systems

SUBTITLE: Electronic Communication Archival

PURPOSE: Store electronic communications made within district

1. District will employ hardware solution to maintain electronic backups of all communications.
2. District will store for a period of three years, all inbound and outbound messages
3. Email archival system access will be restricted to secure district personnel
4. Periodic checks of the email archival system will be made to ensure reliability.
5. Regular password changes will be made to the archival system to limit potential security breaches.
6. The district will setup network policies to block any electronic instant messaging/chat program that cannot be monitored/archived.
7. District will archive all inbound and outbound instant messaging communications.

TITLE: Technology Systems

SUBTITLE: Video Surveillance Security

PURPOSE: To ensure a safe and secure environment for student learning

1. District will install optical cameras in key locations to record activities at all hours.
2. Surveillance cameras will interface with digital video recording system.
3. Digital recording system will provide enough storage to monitor key locations for a period of thirty days at a minimum.
4. Digital recording systems will be checked regularly to ensure recording quality, reliability, and ability to retrieve information

SUBTITLE: Web content filtering and supervision

PURPOSE: To ensure a safe and secure electronic environment for students.

1. District will employ tools to monitor access to web sites. Using a hardware or software “proxy” solution, the district will put into place a method to filter web sites containing content that is against the district’s acceptable use policy.
2. “Proxy” system will filter web sites that contain viruses, spyware, malware, unsecure connections and improper certificates.
3. District will develop a system to log attempts at blocked web sites
4. Technology staff will conduct regular maintenance of the “proxy” filter.

SECTION XIII– TECHNOLOGY SYSTEMS

SUBTITLE: Network Storage Availability

PURPOSE: To provide users with a secure area on the network to store files.

1. District will employ tools to allow users to save files on a secure server.
2. Systematic and regular backups will be made of network-stored data.
3. Access to individual network space will be restricted to individual users and network administrators.
 - a. Network administrators will create space limitations so as to not exceed the capacity of the server space
 - b. Users of the network storage system will agree to store content that is in agreement with the district's acceptable use policy.
4. Shared network storage will be monitored to ensure proper access based on security groups.
5. Network administrators will periodically check backups of the system.

Title: Technology Systems

Subtitle: Maintenance and Computer Work Order System

Procedure: Maintenance Work Order System

In order to ensure that building maintenance projects are done in a timely fashion, the MLworkorder system must be followed. Work orders may generated by the teachers or other school personnel but must be forwarded and approved by the building Principal. The Principal's office will log in the work order request through the MLworkorder system. The program will ask for specific information regarding the exact location and the extent of the work. By logging in at your school location, you are logging into the

Maintenance Department's Web Site therefore the work order is automatically sent to the Maintenance Office. No maintenance projects will be started without a work order request. The work orders will be processed in the order they are received. The Supervisor of Buildings and Grounds will prioritize the work orders according to the date needed and the severity of the work that needs to be done. The Supervisor of Buildings and Grounds will send a notice upon completion of the project.

Computer Work Order System

In order to ensure that computer repairs are done in a timely fashion, the following procedure must be followed.

1. A work order (MLworkorder) is generated on the web site indicating a description of the problem and the location.
2. MLworkorder requests are received and delegated to the Computer Technicians and given a reference number. ML System will then be processed in the order they are received, unless there is one that is classified as a priority request.
3. Upon completion of the MLworkorder request, the person initiating the request and the supervisor receive a report stating that the work is completed.

Title: Technology Systems

Subtitle: Physical security over technology equipment, peripherals and Media

Purpose: In order to ensure the overall performance of the technology systems, the equipment must be protected from harm, abuse, misuse and pilfering.

7. Rooms or areas that house servers will be secured either by electronic door entry systems (card swipes or proximity cards) or by mechanical means (locks). Access to these areas should be restricted to authorized personnel only.
 - a. Keys or cards that allow access to the areas should be limited in number and accounted for regularly.
 - b. Review of the personnel who has access to these areas should be reviewed several times a year.
 - c. A log should be kept of any visitors to the secure area with name, date, time entered, time exited and purpose of visit.
8. Rooms or areas that house large amounts of computer or technology equipment (including server rooms, switch closets and computer labs) should have environmental controls to ensure the proper heating, cooling, ventilation, and dehumidification is provided. Environmental controls should be monitored with a system to report environmental alarms.
9. All computer and technology equipment should be tagged and inventoried. Annually the equipment should be physically verified against the inventory log for existence and location verification.
 - a. Verification should be made periodically to ensure that equipment is still located where the inventory record states. When equipment is moved, the inventory record should be updated.
 - b. Laptops and other portable pieces of equipment should be accounted for periodically by requiring the users to provide the piece for physical inspection.

SECTION XIII– TECHNOLOGY SYSTEMS

- c. Software clients can be used to track inventory of computer-based assets. Updates of software clients should be made on a regular basis.
 - d. Inventory should be kept of computer related parts, supplies, consumables, and peripherals.
 - e. District should track cost of replacement on all technology equipment valued above \$500.
10. Cables and other locking mechanisms should be utilized when appropriate to secure individual pieces of equipment.
11. A master set of user manuals should be maintained and secured to ensure continuity of operations should other versions be destroyed. A master set of manuals should be held in another area, building, in a fire-rated cabinet or scanned and stored electronically in multiple locations.

Media and other output should be protected in locked areas or cabinets. Media that is utilized for back-up of information, applications or systems should be held in another area, building or in a fire-rated cabinet. Aging media should be transferred to a current technology.

SECTION XIV– INFORMATION MANAGEMENT

BLACK HORSE PIKE REGIONAL SCHOOL DISTRICT BLACKWOOD, NEW JERSEY

TITLE: Information Management

Subtitle: Acceptable Use of Districts Technology and Information

Purpose: To ensure that anyone who has access to district electronic resources understand what is acceptable use of the technology and information and ensure that anyone who has access to sensitive information understands the acceptable uses of that information.

Procedure:

1. The board will establish a policy that informs all users of the districts' data, systems and information of the acceptable and non-acceptable uses of those district assets. The policy should identify students, staff, parents and guardians, and other users who may have access to the district's data, systems and information.
 - a. The students and staff should be required to sign an acknowledgment of the policy and return that form to the district. Forms should be updated at least annually.
 - b. Parents who utilize information of the district via the internet (student's grades, lunch accounts, library information, etc) should have an electronic acceptance on the web pages before data is displayed. This acceptance of assurances should include non-disclosure of information that is displayed and other assurances that would appear in a written acceptable use policy.
 - c. Other web users of information should be required to have an electronic acceptance on the web pages before data is displayed. These may include calendars, or web requests for use of facilities, these instances may require additional assurances as well.
 - d. All persons with sign-on to the district's network or to district data, ie parent portals, should be required to agree to the acceptable use policy, which should be listed.
2. The board will adopt an acceptable use policy that at a minimum should prohibit the following regarding electronic systems conduct that interferes with or stops district activities, including but not limited to excess download, uploads, printing, copying, bandwidth usage, etc.

XIV-1.1

SECTION XIV– INFORMATION MANAGEMENT

- a. conduct any activity not related to the district's operation, including, but not limited to, advertising, soliciting business, or political lobbying
 - b. Involvement in the violation of, or conviction for violation of, federal, state, or local statutes or regulations regarding computers, electronic communications, interstate commerce and/or security regulations. This includes, but is not limited to, material protected by copyright, trade secret, obscenity and related laws.
 - c. Threats, harassment, libel or slander
3. This policy should be reviewed annually for changes in the types of information used and in the types of technology used
4. Information as referred to in the policy should not be limited to electronic information or simply the use of electronic systems. Controls need to exist over written information and paper files.
 - a. Individuals who have access to district records should not use the information for personal reasons
 - b. Sensitive information should be stored in a manner that does not allow for easy access. In the case of electronic information, passwords and restrictions based on user should be employed. For written and paper files, information should be secured by locking cabinets, drawers and doors to offices that hold such information.
 - c. Copies of sensitive material should only be made in cases where it is necessary. Any copies of information that is sensitive in nature should be destroyed in appropriate manner, such as shredding.
5. All users of technology and all those who have access to sensitive district information, should be required to sign an acceptable use form that states the person signing has read and agrees to uphold the policies set forth.
 - a. Forms should be signed at least annually and for any major change in position that allows access to additional information.
6. Violations of AUP should be spelled out in student and staff code of conduct

TITLE: Information Management

Subtitle: Securing of sensitive manual (written or paper) information

Purpose: To ensure that sensitive information is proper handled and limit the potential exposure of information from being obtained through the district

Procedure:

1. All employees who have access to any of the following information, will be required to sign an acceptable use form at least annually on the proper methods of use, compilation, dissemination and destruction, when appropriate, and safe-guarding of that information.
2. The superintendent and business administrator or designees will determine those records of a sensitive nature held in the district. The records include, but are not limited to staff, student, volunteer and board member personal information such as address, unlisted phone number, social security number, marital or guardian status, garnishment information, health related information, free and reduced lunch status and disciplinary information.
3. Sensitive information should be housed in a locked cabinet or behind locked doors.
 - a. Access to keys are restricted to personnel authorized to view the information
 - i. Keys should have “do not duplicate” on them and copies should be prohibited, except as needed
 - b. Areas housing sensitive information should be locked whenever the areas are not staffed
 - c. Wherever possible, sensitive information should be stored away from high traffic areas.
4. Original sensitive information files , should be housed in a fire rated cabinet, where possible.
5. Backups of paper documents should be treated as sensitive. Electronic documents should be backed up daily and paper documents should be housed in locked areas.

SECTION XV – FINANCIAL AND HUMAN RESOURCES MANAGEMENT SYSTEMS

N.J.A.C. 6A:23A-6.7 GUIDANCE DRAFT

Directive

Pursuant to 6A:23A-6.7 school districts and county vocational school districts with budgets in excess of \$25,000,000 or with more than 300 employees shall maintain an enterprise resource planning (ERP) system which integrates all data and processes of an organization into a unified system. An ERP system uses multiple components of computer software and hardware and a unified database to store data for the various system modules to achieve the integration. NOTE: This system does not include student, transportation or food service databases or modules.

ERP System Integration Features

Three applications – comprise an ERP; accounting, payroll, and human resources system. System integration permits data sharing among the three applications, therefore eliminating any duplication of data entry. System integration features facilitate data sharing not only among the applications, but may also with third-party payroll, substitute placement/absence tracking, and bidding applications. Integration between these applications allows for the automation of many functions, enabling:

In Accounting

System-generation of the payroll purchase order and encumbrances at the start of each new fiscal year (salary amounts and expense account information from Payroll is used to create the file needed to generate the payroll PO encumbrances in Accounting).

Update/adjust payroll PO encumbrances throughout the year to reflect any staff/budget changes (updated salary/expense account information from Payroll is used update payroll PO encumbrances in Accounting). Automatically reduce payroll PO encumbrances to expenditures each pay period (transfer of payroll expenditure data from Payroll, or a third-party application such as ADP, to Accounting). Import next year's budget preparation data directly into a Budget Projection Module (transfer of salary data either from Personnel, or a third-party application such as Microsoft Excel, into Accounting). Import purchase order data from third-party bidding applications (such as Educational Data) to Accounting, automating purchase order entry.

In Payroll

Automatically update new fiscal year payroll salaries for all employees (transfer of contracted salary data from Personnel to Payroll). Or synchronize remaining contract days that can be printed on employees' payroll check stubs (transfer of remaining sick/personal/vacation day balances from Personnel to Payroll).

In Personnel

Implement position control codes (transfer of employee budget spread data from Payroll via alpha/numeric position control code for each employee record within Personnel). Automatically update position control budget spread information (based on payroll budget spread changes – transfer of updated budget spread

SECTION XV – FINANCIAL AND HUMAN RESOURCES MANAGEMENT SYSTEMS

data from Payroll updates Position Control Code budget spread data in Personnel). Generate projected salary data, by expense account, for budget preparation (transfer of employee salary data and Position Control Code budget spread information from Personnel to an Accounting's Budget Projection Module).

Payroll budget spread information can also be imported into Accounting from third-party applications such as ADP. Those not utilizing system integration will obtain the payroll budget spread database file from their individual payroll provider instead. If utilizing an outside provider, districts should ensure that the expense account structure for the employee's budget spread in the third-party application is consistent with the expense account structure established within Accounting.

Import Budget Preparation Data into a Budget Projection Module (Personnel to Accounting)

Accounting may include a budget projection module designed specifically to assist school districts with next year's budget preparation. This module includes a function allowing for the import of data (either from Personnel or a third-party application such as Microsoft Excel). This Projected Salary Data File (with the use of unique position codes, the system will automatically project, based on your district's settled contract information, the total amount needed for each salary expense account).

Additional Benefit:

- Import the Projected Salary Data into the Accounting's Budget Projection Module (all employee names and salaries that comprise the projected total will be detailed for each expense account).

Bidding to Budget Transfer

(Third-Party Bidding Software to Accounting)

Many districts utilize outside bidding companies (such as Educational Data) to assist with the process of procuring needed supplies for the upcoming year. These bidding companies deal with the individual vendors and award the bids based on district criteria. The data received from the third-party bidding application then needs to be entered into the district's accounting software application to generate the purchase order encumbrances. Entering these purchase orders can be time consuming and labor intensive. To expedite this process, the Accounting system should be able to provide a "Bidding to Budget Transfer" function.

Personnel applications. Personnel provides the ability to maintain historic, current and future year salary information, allowing Payroll to access this data when it is time to update individual employee salaries.

SECTION XV – FINANCIAL AND HUMAN RESOURCES MANAGEMENT SYSTEMS

Synchronize Contracted Salaries

This function would update the “Salary” field with employees’ total calculated salary amounts from Personnel.

Print Sick/Personal/Vacation Day Balances on Employee Check Stubs (Personnel to Payroll)

Districts routinely provide employees with their balance of contract days throughout the year. One method to provide this information is to generate a hard copy report (which can take some time to print and distribute to each and every employee). Districts that utilize system integration have the ability to streamline this process by synchronizing this information between the two applications, allowing the balance of contract days to be printed directly on the employee’s check stub in Payroll.

Title: **ASSA REPORTING**

Procedure: **The information for the Application for State School Aid (ASSA) is generated through and completed by the Chief Academic Officer/Director of C.A.R.E. In September a memo is sent out to all Principals/Supervisors from the Chief Academic Officer / Director of C.A.R.E. detailing the directions for submitting the school ASSA information along with the importance of its accuracy. Below is a breakdown of how the information is generated:**

Information	Person Responsible	Documentation
Students on roll-full and shared	Principal	Attendance registers maintained by principal. Documentation to be submitted with the report.

Title: FREE AND REDUCED LUNCH APPLICATIONS

Procedure:

The Free and Reduced Meal applications are sent to us electronically by the state. It is mandated that we use this form without change. The Building Principals are responsible for getting the forms copied and distributed to all the schools. Once completed by the parent all applications returned are sent to the Determining Official/School Vice Principal for processing. The Vice Principal sends home a meal status notification letter to all applicants. Applications are kept at the Business Office throughout the school year. Using NutriKids for processing the application, the eligibility determination is forwarded to each students file and to the Point of Sale system. Each school secretary can view this information via Nutrikids. Verification of qualification for free and reduced meals is the responsibility of the Business Administrator. Verification of applications must be completed in November.

APPENDIX

High School

In these schools the students deposit money directly with the cashier while they are purchasing meals. The meal eligibility status is on the point of sale screen, reducing overt identification. All meal statuses are shown by a symbol. Students have the option of depositing as much money as they wish in their account. All deposits and purchases go thru the cashier during lunch time.

At the end of the day the manager at the High Schools print out the daily sales reports. The cashiers can view these numbers prior to printing to verify cash received against sales. Any problems are referred to the manager at the High School. The cashiers need to advise their managers of any money discrepancies.

Title: GLOSSARY OF COMMON SCHOOL ACCOUNTING TERMS

ACCOUNT - A descriptive heading under which are recorded financial transactions that are similar in terms of a given frame of reference, such as purpose, object, or source.

APPROPRIATION - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

AUDIT - The examination of records and documents and the securing of other evidence for one or more of the following purposes:

- A. Determining the propriety, legality and mathematical accuracy of proposed or completed transactions.
- B. Ascertaining whether all transactions have been recorded.
- C. Determining whether transactions are accurately recorded in the accounts and in the statement drawn from the accounts.
- D. To determine whether the statements prepared present fairly the financial position of the school district.

AVERAGE DAILY ATTENDANCE, ADA - The aggregate days; attendance of a given school during a reporting period divided by the number of days school is in session during this period. Only days on which the pupils are under the guidance and direction of teachers should be considered as days in session.

BID - The process which includes legal advertising and direct contact, sought from appropriate vendors for goods and services individually or in the aggregate, whose cost is above the mandated bid threshold.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them.

CAPITAL OUTLAY - An expenditure which results in the acquisition of fixed assets or additions to fixed assets. It is an expenditure for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings and the remodeling of buildings, with the life expectancy of at least ten years.

CASH - Currency, checks, postal and express money orders, and bankers' drafts on hand on deposit with an official or agent designated as custodian of cash, and bank deposits.

CHART OF ACCOUNTS - A list of all accounts generally used in an individual accounting system. In addition to account title, the chart includes an account number which has been assigned to each account. Accounts in the chart are arranged by Fund, Program, Function and Object.

CONTRACTED SERVICES - Services rendered by personnel who are not on the payroll of the Board of Education including all related expense covered by the contract. Also see Purchased Services.

CURRENT - The term refers to the fiscal year in progress.

DEFICIT - The excess of the obligations of a fund over the fund's resources.

DISBURSEMENTS - Payment in cash.

ENCUMBRANCES - Purchase orders, contracts, and salary or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid.

EQUIPMENT - An instrument, machine, apparatus, or set of articles with a value of at least \$500 which retains its original shape and appearance with use and/or is nonexpendable; i.e., if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair than to replace it with an entirely new unit.

EXPENDITURES - Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year.

FISCAL YEAR - The twelve-month period from July 1, through June 30, during which the financial transactions of the school system are conducted.

FIXED ASSETS - Land, buildings, machinery, furniture, and other equipment which the Board of Education intends to hold or continue to use over a long period of time and costs over \$500.00 when purchased. "Fixed" denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

FUNCTION - A group of related activities which are aimed at accomplishing a major service for which the school system is responsible.

FUND- All accounts necessary to set forth the financial position, the financial operations, the changes in residual equities or balances, and the changes in financial position of a fund.

GENERAL FUND - Used to account for all transactions in the ordinary operations of the Board of Education.

INVENTORY - A detailed list or record showing quantities, descriptions, values, and frequently, units of measure and unit prices of property on hand at a given time. Also, the cost of supplies and equipment on hand not yet distributed to requisitioning units.

INVOICE - An itemized list of merchandise purchased from a particular vendor from which payment is made. The list includes quantity, description, price, terms, date and the like, and is matched with the signed receiving copy.

OBJECT - The commodity or service obtained from a specific expenditure.

OBLIGATIONS - Amounts which the Board of Education will be required to meet out of its resources, including both liabilities and encumbrances.

PETTY CASH - A sum of money set aside for the purpose of paying small obligations for which the issuance of a formal voucher and check would be too expensive and time-consuming. Also, a sum of money, in the form of a special bank deposit, set aside for the purpose of making immediate payments of comparatively small amounts.

PROGRAM - A plan of activities and procedures designed to accomplish a predetermined objective or set of allied objectives.

PROGRAM MANAGER - The individual responsible for monitoring the expenditures within a particular program of the budget. This person usually determines what to purchase, originates purchase orders and receives goods and/or services.

PRORATING - The allocation of parts of a single expenditure to two or more different accounts. The allocation is made in proportion to the benefits which the expenditure provides for the respective purposes or programs for which the accounts were established.

PURCHASE ORDER - A written request to a vendor to provide materials or services at a price set forth in the order and is used as an encumbrance document.

PURCHASED SERVICES - personal services rendered by personnel who are not on the payroll of the Board of Education, and other services which may be purchased by the Board of Education.

REFUND - A return of an overpayment or over collection. The return may be either in the form of cash or a credit to an account.

REIMBURSEMENT - The return of an overpayment or over collection in cash.

REPLACEMENT OF EQUIPMENT - A complete unit of equipment purchased to take the place of another complete unit of equipment which is to be sold, scrapped or written off the record and serving the same purpose as the replaced unit in the same way.

REQUISITION - A written request to a school official for specified articles or services. It is a request from one school official to another school official, whereas a purchase order is from a school official to a vendor.

STUDENT ACTIVITY FUND - Financial transactions related to school-sponsored student activities and interscholastic activities. These activities are supported in whole or in part by income from students, gate receipts, and other fund-raising activities.

SUPPLY - A material item of an inexpensive, expendable nature that is consumed, worn out or deteriorated in use; loses its identity through fabrication or incorporation into a different or more complex unit or substance. Is expendable or subject to replace rather than repair if damaged or if some of its parts are lost or worn out.

TRAVEL - Costs for transportation, meals, hotel and other expenses associated with traveling on business for the Board of Education.

UNIT COST - Expenditures for a function, activity, or service divided by the total number of units for which the function activity or service was provided.

VOUCHER - A document which authorizes the payment of money and usually indicates the accounts to be charged.
