Why are you interested in participating in the S.T.E.A.M. Academy?

What are your interests related to S.T.E.A.M. concepts (i.e., robotics, chemical engineering, etc.)?

Are you prepared for the rigorous coursework associated with the S.T.E.A.M. Academy?

Yes

No

If Yes, what evidence can you present?

A capstone project has to be completed as part of the S.T.E.A.M. Academy. A capstone project requires a student to research S.T.E.A.M. related issues, identify a S.T.E.A.M. related global or local problem, and propose a design, structure, or strategy to solve that problem. What are your thoughts for a Capstone project?
