

January Nominees

Basketball Boys - Alamin Young (11)

Just 2 games into this season Alamin has established himself as one of our go-to guys. On the court, Alamin is averaging 8.5 points per game, 4.5 rebounds per game, 2.5 assists per game, and 3 steals per game. Alamin is a leader in every way. He sets high expectations for himself, and holds his teammates accountable. Alamin is early to practice, always vocal, and always has his teams back. If he knocks an opposing player to the ground, he's the first one to help him up. Forget basketball, we could not be happier to have a person like Alamin in the program and look forward to his continued success.

Basketball Girls -Isabella Angelucci (11)

Bella has been a leader on and off the court for our young team. Currently, Bella is leading the team in scoring, rebounding, and minutes played. During practice and games, Bella brings an intensity and energy to the court that pushes her teammates. Her hard work in the offseason has paid dividends for her current success. The coaching staff is eager to see how Bella continues to grow over our short season.

Cheerleading -Angelina Stagliano (9)

In just a short time in our Winter season, Angelina has shown great courage and effort in learning a new stunting position. She works hard at every practice and gives 110% in this new position. Angelina is a strong cheerleader and we look forward to watching her grow in our sport over the next few years.
