Girls & Women  
in Sports Day**  
Powered by WSF

**Women's Sports  
Foundation**

## THE 36<sup>TH</sup> ANNIVERSARY OF NJ'S GIRLS AND WOMEN IN SPORT

### 50 YEARS OF TITLE IX

THE CELEBRATION BEGINS ON  
FEBRUARY 2, 2022

## INTRODUCTION

Welcome to the annual National Girls and Women In Sports Day (NGWSD) celebration, which honors the achievements of girls and women in sports and acknowledges the power of sports to unlock each girl's limitless potential. NJSIAA is happy to join the New Jersey Association of Intercollegiate Athletics for Women (NJAIW) each year to honor one female student athlete from every high school, two-year college and four-year college in NJ.

The 36th annual celebration will begin on February 2, 2022 with a social media campaign that will continue through February 11th. NJSIAA award winners will be announced on February 21st through February 25th. Follow the campaign on Instagram, Twitter and Facebook, #NGWSD #LeadHerForward

This year is a special year, as it is also the 50th Anniversary of Title IX, a vibrant movement celebrated annually. The Women's Sports Foundation applauds the vital role played by the individuals and organizations who have championed this effort, the advocates seeking to protect Title IX and advance gender equity, the athletes using their platform to inspire greatness, and the coaches working daily to promote play.

We invite you to celebrate NGWSD in your community and join the Women's Sports Foundation as we Lead Her Forward in 2022. NJSIAA is proud to celebrate the achievements of our many outstanding female athletes throughout the state. Congratulations to all our honorees.

"The potential for greatness lives within each of us."  
-Wilma Rudolph

*On behalf of the NJSIAA, I would like to congratulate this year's outstanding female high school student-athletes as we honor them and celebrate their achievements during this year's National Association of Girls and Women in Sports Day.*

*For the past two years you have endured everything that the COVID – 19 Pandemic has challenged you with. You have shown perseverance and have met these challenges head on, as a result you have returned to the playing fields and to the high school sports that you love. You have enabled high school athletics to survive, and you have made them be stronger in today's world.*

*As we celebrate the 50th Anniversary of Title IX, the result continues to be increased opportunities for women and girls in athletics as well as in other areas. Since 1972, the number of female student athletes has continued to increase. The number of females participating in athletics at NJ high schools is well over 120,000 and continues to grow.*

*The NJSIAA continues to lead all the states in the country by sponsoring 18 sports and 25 championships each year for our high school girls. We are very proud of our newest girl's sport, Girls Wrestling which continues to grow rapidly. We are proud of our efforts, but we will continue to work to offer our female student athletes more opportunities. Today is a day to celebrate, but also to remember that we must continue to expand and grow the opportunities for the future generations of girls and women not only in sports, but in all areas.*

*Congratulations and Best Wishes,*

A handwritten signature in black ink, which appears to read 'Al Stumpf'. The signature is fluid and cursive.

*Al Stumpf  
NJSIAA Assistant Director*

*Note: A special thanks to Jenny Yelle and Liz Nodeland, NJSIAA Staff, whose efforts made this program possible.*
