

Dear Melissa Sheppard,

The National Federation of State High School Associations is pleased to announce that Triton Regional High School has earned Level 1 status within the NFHS School Honor Roll Program for the 2022-23 school year.

This national distinction honors the dedication and commitment that your school and coaches have to your students and to education-based programs. Your coaches have been equipped with research-based and student-centered curriculum that will assist them in their journey as an interscholastic coach. Your school has joined a national community of schools that value the professional development of their coaches and the learning experience of their students.

This is an achievement that your school and community should celebrate, and we want to help. We hope you will display your NFHS School Honor Roll banner for your school and community to see. We also want to talk about your achievement on our social media channels and we hope you will join us.

Thank you for your commitment to professional development, which advances our interscholastic programs and creates a better experience for the young people participating. Congratulations again on earning your Level 1 status within the NFHS School Honor Roll Program!

Sincerely,

A handwritten signature in black ink that reads "Dr. Karissa L. Niehoff".

Dr. Karissa L. Niehoff
NFHS Executive Director
