

ONLINE SAT PREP COURSE - PERMISSION FORM

The Black Horse Pike School District will be beginning an online SAT Prep course that students can partake in during common time one day a week and on their own. This is a self-paced course delivered through APEX online learning. Students are in control of how fast they complete the course. Students will be able to choose either the Math SAT Review Course or the English SAT Review Course.

Please read the following information and sign below:

1. There is no high school credit for this class.
2. There is no cost incurred by the parent or student for this course. The district pays the cost of the course.
3. Prior to starting the course, students must complete a 30 minute APEX orientation online.
4. Students must be logging into APEX and completing work for at LEAST 90 minutes per week. (This means students will have to work on this on their own time as well as meeting during common time). *If a student does not meet the requirements (90 minutes and meeting 1 day/week during common time) or is not progressing/completing work, they will be given a warning the 1st time. After being given a warning, students will be removed from the prep course if they continue to fail to meet requirements. Seats are limited and we can not have an unmotivated student taking the seat from another student.*
5. One day a week, students MUST meet with the APEX advisor during common time (Timber Creek-Tues., Highland-Wed., Triton-Thurs.) During this meeting they may work on their SAT coursework. The counselor will review their progress and assist them with any technical difficulties.
6. Students will have up to 16 weeks to complete either the Math or English course. If not completed by this time, extensions may be granted if the student is meeting their 90 minute requirement and there are no other students on the waiting list.
7. If school is closed on Tues., Wed., or Thurs., we will not meet/reschedule for common time. Students are still required to log 90 minutes and the meeting will resume the following week.
8. Enrollment in the course is based on availability, there is no guarantee that the student will start upon turning in the contract. If all seats are being used, they will be put on a waiting list.

I agree to the above rules and understand that if I do not adhere to them, I can be removed from the program.
