

What is *Naviance* / Family Connection?

Naviance is a comprehensive, easy to use website that you and your parents can use to help in making decisions about courses, colleges, and careers. *Naviance* is accessible from any computer, inside and outside of school, with an internet connection.

Naviance will allow you to:

Get involved in the planning and advising process: Your future begins here in high school! Play an active part in determining what you want to do with your life and what it takes to get there. Build a resume, complete on-line surveys, and manage timelines and deadlines for making decisions about colleges and careers.

Research colleges: It's never too early to start looking at colleges you may want to attend. On *Naviance*, you will be able to research virtually any college in the United States and see what it takes to get accepted. We will even be able to look at data from past Highland students who have applied to your same choices.

Sign up for college visits: During your senior year, colleges will come to Highland to meet with you and share information about their schools. *Naviance* will let you find out which colleges are visiting our school and sign up to attend those sessions.

Discover more about yourself: *Naviance* has built-in tools to help you discover jobs that may best suit your skills and interests. Along with in-depth job descriptions, you can view videos for many of the careers and find out average yearly salaries based on the state you live in. There are also sections that help you determine how you learn best, what your personality type is and keep track of other data important to who you are and where you want to go.

Feel free to explore *Naviance* RIGHT NOW by visiting as a guest.
