

AP Biology Summer Assignment
FIRST SIGN UP FOR GOOGLE CLASSROOM:
e28t1b

Highly Recommended Supplemental Text:

How to Prepare for the AP Biology (Barron's How to Prepare for the AP Biology Advanced Placement Examination)

By Deborah T. Goldberg

*** Although this is not a required text it will be used often throughout the year and failure to obtain it may put you at a disadvantage when preparing for the A.P. Exam***

Summer Reading Assignment:

Part A:

1. Read chapters 55-60 in your text book
2. Complete guided reading guides for 55-58 then take your own in depth notes on chapters 59-60. There will be an assessment of your knowledge on the first day of school! Reading guides can be found on the Google Classroom

Part B:

1. Sign up for Albert.io
2. To sign up go to Google Classroom and register via the posted link.
3. Complete the summer assignment on Albert.io This is to prepare you for AP style questions, and to review the material that you have already learned in biology. There are 76 days of summer vacation, that means you must complete all questions. **DON'T DO THEM ALL THE NIGHT BEFORE, I CAN SEE WHEN YOU COMPLETED THEM!** If you get questions wrong read the explanation. This will help you in the class. You will get a lab grade for this. 60 percent or higher will be a 100, 50 percent or higher will be a 90, and so on.

**This is a required assignment and it will be collected on the FIRST day of school.
There will also be a practicum during the first week of school.**

Enjoy your reading and have a nice summer! If you have any questions, please e-mail me at mnealis@bhprsd.org
