

AP Psychology Summer Assignment For Mr. Harper

You will complete the following:

1. Assignment #1- Chapter 1 and Learning Curve

On Classroom there is a link to get to the textbook. Follow the directions. Read Chapter 1 in the textbook. As you read the chapter, there are review questions that are there to help you. After reading the chapter, you will see a Learning Curve Activity that is assigned. (This is on a separate line) You have to answer the questions based on the reading. You have to reach a target score. You get there by answering the questions correctly. If you get it wrong, it may take you a little longer and you can look up the answer in the text. If you have any questions about Learning Curve, email me! . **This is due on Sept 7th 2022.**

2. Assignment #2 – “If You Don’t Know the Words, You Know Nothing at All”

You will create your first set of VOCABULARY cards for the course. Use the template in Google classroom. Follow the directions in Google classroom to join the classroom for your online text (Launchpad). I have assigned you Unit #1, Part I: Psychology’s History and Approaches so that you have access to the ebook and definitions.

*Vocabulary Card Strategy: **DEA = Definition, Example, Application**

1. Front of the card write the vocabulary word
2. Back of the card write the DEA

D- write the *definition* of the word

E- write an *example* of the word, or draw an image for the word

A- apply it! personally connect to the material by adding a reflection, comments, an anecdote OR write a text connection by summarizing the reading material for that word, stating a fact or quote or connecting it to a psychologist or theory that will help you understand and be able to use the word correctly.

Unit I- History and Approaches: Vocabulary terms to define

empiricism	structuralism	introspection	functionalism	behaviorism
humanistic psychology	cognitive psychology	cognitive neuroscience	psychology	
nature-nurture issue	evolutionary psychology	positive psychology		
biopsychosocial approach	behavioral psychology	biological psychology		
psychodynamic psychology	social-cultural psychology	developmental psychology		

educational psychology personality psychology social psychology
 industrial-organizational psychology human factors psychology counseling psychology
 clinical psychology psychiatry community
 psychology

There should then be (27) words defined. **This is due on Sept 7th 2022.**

3. Assignment #3 : Psychologists: Partner in Crime vs Arch-Nemesis

You will be assigned a psychologist below. This list will be on Google Classroom. If you are not in the class at the end of June, just email me and I will assign you a psychologist. For the psychologist you research you should create a “wanted poster. on a box”. All information belongs on a tissue box. (see examples in classroom)

- a. Name of your psychologist.
- b. Which perspective they fall under.
- c. Their important contributions to psychology (MOST IMPORTANT COMPONENT). This can also include a visual.
- d. A visual of your psychologist.
- e. A reason they are “wanted” (you might have to be creative here, but that’s part of the fun).
- f. A BRIEF BIOGRAPHY (as in, where are they from, where they were born, where they went to school and maybe one or two interesting facts.”
- g. A quote from that psychologist.
- h. Cite all sources used for your person(you should put the sources cited on the bottom of the box)

The goal of the summer assignment is for when we get back to school to do a psychology speed dating activity where you are the person who you researched for your box

You will have three minutes with each other psychologist to decide who you would like to be your “partner in crime” and who would be your “arch-nemesis.” Prepare a 90 second introduction with key highlights about your FIRST PERSON. **This is due by Sept 8/9.**

If you have any questions throughout the summer, email me at aharper@bhprsd.org and I will get back to you. It may take up to a week as I am only going to be checking my email about once a week.

List for 2022-23 Period 3
