Mr. Joseph Taglienti

## SOCIAL STUDIES DEPARTMENT STANDARDS & CURRICULUM

**District Supervisor of  
Social Studies  
Ms. Gail Shelly  
gshelly@bhprsd.org**

# Vision Statement

*Social Studies is an area of study that includes far more than traditional history courses. This field of study offers all students an opportunity to prepare for active citizenship, career opportunities, and higher education. The heritage of America is studied from many perspectives. Literacy in civics, history, economics, and geography can be achieved through classes and in clubs.*

*Social Studies classes support the development of critical thinking and reading skills, oral and written communication skills, research skills, and technology skills needed for life in the modern world. All formative and summative assessments grant students effective and descriptive feedback for improvement and measurement. The Social Studies department infuses the Common Core State Standards for Literacy in History (Reading and Writing) into all of our curricular programs.*

## New Jersey Student Learning Standards 2020

### Standard 6.1 U.S. History: America in the World

*All students will acquire the knowledge and skills to think analytically about how the past and present interactions of people, cultures, and the environment shape the American heritage. Such knowledge and skills enable students to make informed decisions that reflect fundamental rights and core democratic values as productive citizens in local, national, and global communities.*

### Standard 6.2 World History/ Global Studies

*All students will acquire the knowledge and skills to think analytically and systematically about how past interactions of people, cultures, and the environment affect issues across time and cultures. Such knowledge and skills enable students to make informed decisions as socially and ethically responsible world citizens of the 21st century.*

### Standard 6.3 Active Citizenship in the 21st Century

*All students will acquire the skills needed to be active, informed citizens who value diversity and promote cultural understanding by working collaboratively to address challenges that are inherent in living in an interconnected world.*

**NJSLS, Career and  
Technology Skills**

If you have any questions about our Social Studies curricula or programs, please contact the District Supervisor.
