World Languages Mission Statement

In the Black Horse Pike Regional School District our World Languages programs include Spanish, French, Italian and the areas of English Language Learning.

We recognize the need to prepare students for a global world; to this end our program mission is to develop student's fluency in language by combining the principles of language development and second language learning in a context of language for academic content. Through meaningful and purposeful interactions students explore ideas and concepts at a level that reflects their language proficiency.

English Language Learning Services

Our English Language Learning services are provided at Triton Regional High School. The ELL coordinator for the Black Horse Pike Regional School District is Lisa Roberts. She can be reached at (856) 939-4500 extension 2034.
